## Integration Fight Bogs Down, Heads For Court Hearing

ALBANY, Ga. (AP)—This city's lengthy integration fight headed today for a court battle over marches, picketing, boycotting and other activities.

With 266 persons arrested last week, Negro followers of the Albany Movement showed little inclination Sunday of joining their leaders in jail.

Efforts to stage a demonstration produced three persons from a crowd of several hundred. The three went to City Hall, prayed and left.

Scheduled for later today was a hearing before U.S. Dist. Judge J. Robert Elliott. City officials have asked him to enjoin integrationists permanently from protest demonstrations and other activities.

Meanwhile, integration leader

Dr. Martin Luther King Jr., jailed here Friday for the third time, lounged in blue silk pajamas Sunday and spent his time reading, writing and listening to a transistor radio. King was among 10 Negroes arrested for refusing to disperse after staging a prayer session in front of City Hall.

King's aide, the Rev. Wyatt Tee Walker, tried to arouse several hundred Negroes at the mass rally Sunday.

"Today is a fateful day," Walker said. "This is a decisive moment in the history of Albany."

Then he called for volunteers for a demonstration.

Three men stood up. They later went to City Hall, offered prayers and left quietly. Police ignored them.

Police Chief Laurie Pritchett said he believed that large scale demonstrations had ended.

The Albany Movement, Pritchett said, "to me is almost nonexistent." He said there was a lack of interest and "the people are tired of going to jail."

Dr. W.G. Anderson, president of the movement, said in an interview the Kennedy administration "has not done as much as it can to alleviate the situation in Albany."

He called on President Kennedy to "make a firm statement on the situation."

The Albany Movement leader said the President should send a cabinet member, perhaps the attorney general, to Albany to make an investigation in person.

Meanwhile Dougherty County Sheriff D. C. Campbell Sr. said he struck Negro lawyer C. B. King with a walking stick Saturday night because the lawyer refused to leave the sheriff's office.

The 76-year-old sheriff said the 38-year-old attorney was "interfering with business in the office."

King suffered a two-inch scalp wound and was hospitalized overnight.

Newell's statement concerning the track alignment was based on first-hand reports given by Howard C. Kohout, the railroad's regional manager in Philadelphia.

Kohout directed the salvage and repair crews that worked throughout Saturday night to repair the 1,500 feet of track.

With its main line back in service, the railroad began preparations to hoist the three death cars which tumbled down an embankment into the shallow waters of the Susquehanna River.

Another railroad spokesman said track was being repaired last week in the area of the derailment.

The wreck was the nation's worst rail disaster since Sept. 15, 1958, when 48 persons died in a train that plunged from an open drawbridge into Newark Bay at Bayonne, N.J.

The baseball special, carrying fans to a National League game in Philadelphia, left nearby Harrisburg — where all passengers boarded — at 5 p.m.

It was rolling along about 70 miles an hour, railroad officials said, when the derailment occurred next to the Bethlehem Steel Co. plant in this central Pennsylvania steel town.

## Tot's Birthday Gift Is Wig

NORMAN, Okla. (AP) — Patty Lyn Bost, 4, received a very special birthday gift from her parents—a wig.

Patty has no hair because of a burn and subsequent anesthetic. The hair growth was destroyed when she was 7 months old.

Her parents, Mr. and Mrs. Ted Bost, say she removes her wig each night and places it carefully on its form which she calls "kitty," saying:

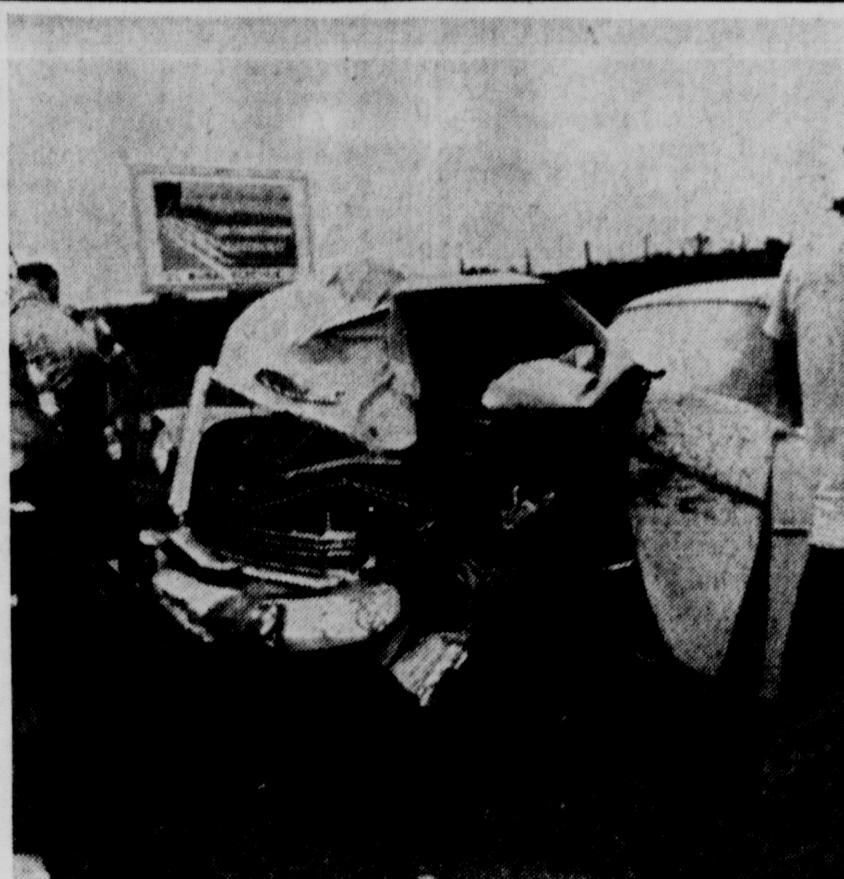

"You wear it tonight, kitty, and I'll use it in the morning."

"She had over 29 hours of either when doctors operated to save her hand and arm, after she burned it on the stove," said Mrs. Bost. "Doctors warned us that the anesthetic might affect her brain or her hair growth."

"So, we're grateful that the result was something we could alter."

ROUTE 23 CRASH — The driver of this auto and his passenger were injured yesterday when another motorist made a left turn in front of them. (Photo by Beaver Studio)

## Three Injured In 2-Car Crash

Three persons were injured, one a nine-month-old boy, in a two-car crash at 3:15 p. m. yesterday on Route 23 about one mile north of the Ross-Pickaway County line.

The injured were taken to Berger Hospital for emergency treatment according to the State Highway Patrol. Injured were: the driver of one vehicle, Charles F. Parker, 43, Columbus, who suffered abrasions of both arms; his passenger, Millie Cullins, 72, Columbus, who sustained a fractured left wrist and facial lacerations. She was transferred to Riverside Hospital, Columbus.

Nine-month-old Isaac Rittenhouse was a passenger in a vehicle driven by Thurell Rittenhouse, 53, also of Columbus. The four suffered a severe bump on the head.

The accident occurred when Rittenhouse made an unsuccessful left turn and was struck in the rear by Parker's vehicle.

BOTH vehicles were moderately damaged, Patrolmen stated.

Rittenhouse was cited to appear in Circleville Municipal Court on charges of making an improper left turn.

## 5 Years Work On Dream Up in Smoke

SAN JOSE, Calif. (AP)—In 1957, George F. Stamper, a former Oklahoma cowboy and B29 bomber pilot, got an idea. He would build a 14-ton, 60-foot model of the four-masted, 18th century British man-o-war, HMS Elizabeth Jones.

The road paving machine, along with a few other pieces of road building machinery, is a holdover from the big C. F. Replage auction sale early this spring. Apparently somebody bought it and decided they didn't want to pave a cornfield, or anything else for that matter.

WEST BERLIN is happy and thriving. East Berlin looks terrible.

These are the observations made by Dr. and Mrs. Robert G. Smith, 918 Circle Drive, who are vacationing in Europe.

Dr. Smith writes The Herald that a July 25 tour of Berlin included a stop at the much-publicized "Checkpoint Charlie," one of the U. S. Army boundaries that separates West and East Berlin.

His correspondence included a colored picture of the checkpoint.

The local physician and City Council member wrote that he planned to go behind the communist wall into East Berlin on July 27.

The Smiths termed their tour as very educational, with lots of things to see.

Next on their agenda will be trips to Scotland, Ireland and England.

Firemen say they suspect neighborhood children set the fire.

MOSCOW (AP)—Moscow Radio reported today 11 Americans at the "Sputnik" International Youth Camp in the Crimea have been disciplined for distributing anti-Soviet pamphlets here.

## News Briefs

COLUMBUS, Ohio (AP)—Ohio's old age pensioners received \$7 million in benefits this month.

State Auditor James A. Rhodes said today the total was \$38,051 below the June figure but he added that recipients dropped from 84,689 in June to 84,515 for July.

Health care payments this month totaled \$14 million, \$115, 831 below the June total.

VERACRUZ, Mexico (AP)—Vacationer Gerald Brookins of Cleveland, Ohio, Sunday bought two of this city's streetcars, which have been operating continuously since 1907. The price was not disclosed.

Brookins said the cars will be shipped to a museum he has in Cleveland's Columbia Park.

TOLEDO, Ohio (AP)—A passing motorist quickly called the state highway patrol early today when he saw a light in a field from what might have been a wrecked car. The car radio was still playing, he reported.

He awaited for Patrolman Gary Dadds to arrive, and the two hurried across the field off the Sylva-Metamora Road.

What they found was a scarecrow with an electric light and a radio. The scarecrow had been equipped for nighttime duty by means of wires strung from a farmhouse a couple of hundred feet away.

CHICAGO (AP) — Thomas H. Robinson Jr., 55, an escaped convict, who was ranked the nation's public enemy No. 1 after he kidnapped a wealthy Kentucky socialite for \$50,000 ransom in 1934, was held by police today for a \$14 drug store robbery.

Robinson was picked up by police Saturday minutes after the robbery and one week after his escape from the federal correctional institute in Tallahassee, Fla.

Robinson was serving a life sentence, commuted from death, for the kidnapping of Alice Speed Stoll, a wealthy Louisville society matron, in one of the nation's most notorious abductions.

COLORADO SPRINGS, Colo. (AP)—All non-military airplanes in this country and Canada will be grounded for 5 1/2 hours Sept. 2. On that day the North American Air Defense Command's training exercise, Sky Shield III, will be held between 2 p.m. and 7:30 p.m., EST.

BANGKOK, Thailand (AP)—The last 1,800 U.S. Marines have left Thailand but America's Navy chief says they can move back just as fast if needed to defend the country against the Communists.

## Senator Says Unionist Asks Payoff for Peace

## County Commission Receives Petition for Land Annexation

A petition for annexation to Circleville of land south of the city, including the General Electric plant on E. Ohio St., was presented today to the Pickaway County Board of Commissioners.

The petition, as presented by Mayor Richard Penn, involves about 1,216.73 acres in Circleville Twp., according to a drawn description of the area. The measure also requests that a public hearing be set and the matter of annexation be formally considered.

The Commissioners, meeting in regular session, said the petition will be tabled today in order to allow for a comprehensive study of the matter. Mayor Penn has suggested that the board take action at its convenience.

In general, the area involved is bounded by the Kingston Pike on the east, Route 23 on the west, Miller Road on the South and the current Circleville corporation line. The Kingston Pike, Route 23 and Miller roadways would not be included in the annexation proposal.

MAYOR PENN today said public interest dictates that a public

hearing be held and that the matter be considered. He said General Electric Co., the largest taxpayer involved, has agreed to be included in the annexation.

This area, the Mayor explained, contains land recommended by the Miami University Planners as a site to be annexed as an industrial park for the city.

Penn said jurisdiction of the County Commission is evoked when a majority of owners living within the proposed area, signs a

petition directed to the Board asking for annexation. The next step would be for the Commission to accept the matter for formal consideration and order a hearing.

Owners to be eligible for petitioning must reside within the territory, Mayor Penn explained. In determining whether a majority have petitioned, only freeholders who live within the area are to be counted.

Mayor Penn went on to say that

New data turned up by U.S. underground tests may persuade the United States to reduce its demands for on-site inspections and control posts designed to enforce any nuclear agreement with the Soviet Union.

While in Hyannis Port, Mass., for another weekend with Mrs. Kennedy and their children, the chief executive joined numerous other Kennedy's in celebrating the First Lady's 33rd birthday on Saturday. Including youngsters with Kennedy sisters and brothers, there were at least two dozen on the scene.

Both Saturday and Sunday, Kennedy took the tiller of his 22-foot sailboat Victoria for jaunts into rough waters of Nantucket Sound and more placid Lewis Bay.

Kennedy is expected to confer with Arthur H. Dean on the possibility of modifying U.S. demands to safeguard a nuclear test agreement. Dean is the chief U.S. negotiator at disarmament and nuclear talks in Geneva. Kennedy asked him to come back for discussions. He arrived late Saturday and is due to return to Geneva by the end of the week.

Patrolmen said Starkey was cited for driving under the influence of intoxicants. The driver told officers he didn't remember what happened.

Soblen has been offered asylum in an unnamed European country, friends said today.

The man under life sentence in the United States as a Soviet spy cannot take advantage of the offer without the approval of Home Secretary Henry Brooke. Soblen jumped \$100,000 bail in the United States last month and fled to Israel. He was expelled, and slashed himself with a steak knife July 1 as a plane neared London en route to the United States.

The 61-year-old psychiatrist Sunday lost a second effort to seek refuge in Israel: the Cabinet unanimously upheld the Interior Ministry's refusal to let him enter as an immigrant.

Mostly fair and mild weather was promised fair-goers today in a five-day forecast issued by the local weatherman.

Although showers are likely tonight, the remainder of the week should be mostly dry with temperatures ranging from 3-6 degrees below the normal high of 86 and low of 62.

Highlighting today's activities at the fair will be the Pony Pull featured at 8 p. m. in front of the grandstand.

Tomorrow's calendar of events will be climaxed with the selection of the Fair King and Queen and Talent Show. The Talent Contest and selection of King and Queen will be held at the same time at the grandstand. In case of rain the show will be presented in the new 4-H and Grange Building.

COLUMBUS, Ohio (AP)—Charles Lind of Cincinnati, a World War I veteran, was elected commander of the Ohio Disabled Veterans Sunday as the annual convention ended.

Other officers named were Jack Heydenreich of Zanesville, senior vice commander; Howard Kabler of Ripley, junior vice commander; The Rev. Willard Holmgren of Youngstown, chaplain; and executive committeemen Wayne McClung of Columbus, Melvin Yazzell of Urbana, and Andrew Sakella of Youngstown.

Akron was chosen as the site of the 1963 state convention, and Albert L. Daniels of Greenville, former state senator and current adjutant treasurer of the Ohio department, was designated the state's nominee for national commander at the Atlantic City convention in August.

## 11 Nuclear Subs Involved

McClellan Seeks Nod For Probe of Strike

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., told the Senate today that a powerful unionist has demanded a payoff as the price for settlement of a strike holding up work on 11 nuclear submarines for the Navy.

McClellan voiced the allegations in appealing for permission for his Senate Investigations subcommittee to launch hearings.

Senators filibustering against the administration's communications satellite bill have invoked a rule barring committees from meeting while the Senate is in session.

McClellan asked unanimous consent for his committee to meet, but Sen. Wayne Morse, D-Ore., one of the leaders of the filibuster fight, refused to agree. Morse was cut off from an effort to explain his reasons for objecting.

In his Senate speech, McClellan did not name the man allegedly demanding a payoff as a price for allowing the settlement of the strike which had paralyzed work on nuclear submarines at the Groton, Conn., plant of General Dynamics since July 19.

McClellan told the Senate that representatives of management and labor had twice reached terms for settlement of the strike, only to have their efforts blocked when rank and file unionists voted not to accept terms.

McClellan said his subcommittee "has information that the settlements heretofore have been obstructed by the efforts of a former president of a (union) local" who had been expelled previously by the union but who still "apparently wields great influence with the rank and file."

This powerful unionist, McClellan charged, "has offered for a sum of money and other considerations to withdraw his opposition" and let terms of a third settlement plan hammered out last Friday be accepted.

The new settlement pact is scheduled to be submitted to the rank and file members for ratification or rejection Tuesday, McClellan said.

Diligent Officer Is Thief's Prey

CINCINNATI (AP) — Patrolman Edward Berry shouldn't have been so diligent early today in searching for possible crime.

Berry parked his police cruiser in the Mt. Washington Shopping Center to make a check on foot of the various business houses.

He found everything in order at the stores but when he returned to the cruiser he found someone had stolen the spotlight, valued at \$5, off the car.

He called on President Kennedy to "make a firm statement on the situation."

The Albany Movement leader said the President should send a cabinet member, perhaps the attorney general, to Albany to make an investigation in person.

Meanwhile Dougherty County Sheriff D. C. Campbell Sr. said he struck Negro lawyer C. B. King with a walking stick Saturday night because the lawyer refused to leave the sheriff's office.

The 76-year-old sheriff said the 38-year-old attorney was "interfering with business in the office."

King suffered a two-inch scalp wound and was hospitalized overnight.

## Once Around Roundtown

EARLY MORNING scenes at the Pickaway County Fairgrounds included a few harness horses jogging around the track, 4-H club members moving in their livestock, concession stands getting ready for the opening at 6 p. m. today, and a huge hunk of machinery used to lay concrete roads—just what every farmer needs if he wants to pave his cornfield.

The road paving machine, along with a few other pieces of road building machinery, is a holdover from the big C. F. Repligle auction sale early this spring. Apparently somebody bought it and decided they didn't want to pave a cornfield, or anything else for that matter.

WEST BERLIN is happy and thriving. East Berlin looks terrible.

These are the observations made by Dr. and Mrs. Robert G. Smith, 918 Circle Drive, who are vacationing in Europe.

Dr. Smith writes The Herald that a July 25 tour of Berlin included a stop at the much-publicized "Checkpoint Charlie," one of the U. S. Army boundaries that separates West and East Berlin.

His correspondence included a colored picture of the checkpoint.

The local physician and City Council member wrote that he planned to go behind the communist wall into East Berlin on July 27. The Smiths termed their tour as very educational, with lots of things to see.

Next on their agenda will be trips to Scotland, Ireland and England.

## Three Injured In 2-Car Crash

Three persons were injured, one a nine-month-old boy, in a two-car crash at 3:15 p. m. yesterday on Route 23 about one mile north of the Ross-Pickaway County line.

The injured were taken to Berger Hospital for emergency treatment according to the State Highway Patrol. Injured were: the driver of one vehicle, Charles F. Parker, 43, Columbus, who suffered abrasions of both arms; his passenger, Millie Cullins, 72, Columbus, who sustained a fractured left wrist and facial lacerations. She was transferred to Riverside Hospital, Columbus.

Nine-month-old Isaac Rittenhouse was a passenger in a vehicle driven by Thurell Rittenhouse, 53, also of Columbus. The fourth suffered a severe bump on the head.

The accident occurred when Rittenhouse made an unsuccessful left turn and was struck in the rear by Parker's vehicle.

BOTH vehicles were moderately damaged, Patrolmen stated.

Rittenhouse was cited to appear in Circleville Municipal Court on charges of making an improper left turn.

COLUMBUS, Ohio (AP)—Ohio's old age pensioners received \$7 million in benefits this month.

State Auditor James A. Rhodes said today the total was \$98,051 below the June figure but he added that recipients dropped from 84,689 in June to 84,515 for July.

Health care payments this month totaled \$14 million, \$115,831 below the June total.

VERACRUZ, Mexico (AP)—Vacationer Gerald Brookings of Cleveland, Ohio, Sunday bought two of this city's streetcars, which have been operating continuously since 1907. The price was not disclosed.

Brookings said the cars will be shipped to a museum he has in Cleveland's Columbia Park.

TOLEDO, Ohio (AP)—A passing motorist quickly called the state highway patrol early today when he saw a light in a field from what might have been a wrecked car. The car radio was still playing, he reported.

He awaited for Patrolman Gary Dadds to arrive, and the two hurried across the field off the Sylvia-Metamora Road.

What they found was a scarecrow with an electric light and a radio. The scarecrow had been equipped for nighttime duty by means of wires strung from a farmhouse a couple of hundred feet away.

CHICAGO (AP)—Thomas H. Robinson Jr., 55, an escaped convict, who was ranked the nation's public enemy No. 1 after he kidnaped a wealthy Kentucky socialite for \$50,000 ransom in 1934, was held by police today for a \$14 drug store robbery.

Robinson was picked up by police Saturday minutes after his escape from the federal correctional institute in Tallahassee, Fla.

Robinson was serving a life sentence, commuted from death, for the kidnaping of Alice Speed Stoll, a wealthy Louisville society matron, in one of the nation's most notorious abductions.

COLORADO SPRINGS, Colo. (AP)—All non-military airplanes in this country and Canada will be grounded for 5½ hours Sept. 2. On that day the North American Air Defense Command's training exercise, Sky Shield III, will be held between 2 p. m. and 7:30 p. m., EST.

BANGKOK, Thailand (AP)—The last 1,800 U.S. Marines have left Thailand but America's Navy chief says they can move back just as fast if needed to defend the country against the Communists.

Departure of the Marines Sunday left the defense of Thailand to the 2,000-man U.S. 27th Infantry Wolfhounds, skilled in jungle fighting, and the 90,000-man Thai army, U.S.-trained and equipped.

## County Commission Receives Petition for Land Annexation

A petition for annexation to Circleville of land south of the city, including the General Electric plant on E. Ohio St., was presented today to the Pickaway County Board of Commissioners.

The petition, as presented by Mayor Richard Penn, involves about 1,216.73 acres in Circleville Twp., according to a drawn description of the area. The measure also requests that a public hearing be set and the matter of annexation be formally considered.

The Commissioners, meeting in regular session, said the petition will be tabled today in order to allow for a comprehensive study of the matter. Mayor Penn has suggested that the board take action at its convenience.

In general, the area involved is bounded by the Kingston Pike on the east, Route 23 on the west, Miller Road on the South and the current Circleville corporation line. The Kingston Pike, Route 23 and Miller roadways would not be included in the annexation proposal.

One Injured In Five-Car Crash Here

One driver was injured in a collision which involved five cars at 2:30 a. m. today on E. Ohio St. between Clinton and Washington Sts.

Hurt in the unusual accident was Robert Starkey Jr., 20, of 360 Walnut St. He suffered injuries about the mouth and a bruise on the chest.

Four of the cars were parked. All were extensively damaged in a chain reaction crash.

According to Patrolmen Jack Mills, Wesley Barton and Jay Curry, Starkey's vehicle struck three of the vehicles. One of the three crashed into another parked in front of it.

.....

TWO OF the parked cars are owned by Rose Ann Cornwell, 347 E. Ohio St. The third is owned by Roy Walisa, 335 E. Ohio, and the fourth by Ellen Walisa of the same address.

Patrolmen said Starkey was cited for driving under the influence of intoxicants. The driver told officers he didn't remember what happened.

Soblen Offered Secret Asylum

LONDON (AP)—Robert A. Soblen has been offered asylum in an unnamed European country, friends said today.

The man under life sentence in the United States as a Soviet spy cannot take advantage of the offer without the approval of Home Secretary Henry Brooke. Soblen jumped \$100,000 bail in the United States last month and fled to Israel. He was expelled, and slashed himself with a steak knife July 1 as a plane neared London en route to the United States.

The 61-year-old psychiatrist Sunday lost a second effort to seek refuge in Israel; the Cabinet unanimously upheld the Interior Ministry's refusal to let him enter as an immigrant.

This area, the Mayor explained, contains land recommended by the Miami University Planners as a site to be annexed as an industrial park for the city.

Penn said jurisdiction of the County Commission is evoked when a majority of owners living within the proposed area, signs a

Owners to be eligible for petitioning must reside within the territory, Mayor Penn explained. In determining whether a majority have petitioned, only freeholders who live within the area are to be counted.

Kennedy Plans New Parley On Test Ban Treaty Change

WASHINGTON (AP)—Refreshed by a weekend of sailing, President Kennedy flew back to Washington today to open talks that may develop new U.S. proposals for a nuclear test ban treaty.

The President left for the White House by helicopter.

Besides the nuclear talks Kennedy also has scheduled a meeting with Lincoln Gordon, ambassador to Brazil, on the shape of Brazil's reshuffled government and its role in the Alliance for Progress.

Gordon has returned for White House and State Department consultations on Brazil, where uncertainty over the government's stability prompted both Washington and Brasilia to postpone a visit the President and Mrs. Kennedy originally had planned to begin today.

Kennedy is expected to confer with Arthur H. Dean on the possibility of modifying U.S. demands to safeguard a nuclear test agreement. Dean is the chief U.S. negotiator at disarmament and nuclear talks in Geneva. Kennedy asked him to come back for discussions. He arrived late Saturday and is due to return to Geneva by the end of the week.

Dry Weather Promised Here After Tonight

Mostly fair and mild weather was promised fair-goers today in a five-day forecast issued by the local weatherman.

Although showers are likely tonight, the remainder of the week should be mostly dry with temperatures ranging from 3-6 degrees below the normal high of 86 and low of 62.

Highlighting today's activities at the fair will be the Pony Pull featured at 8 p. m. in front of the grandstand.

Tomorrow's calendar of events will be climaxed with the selection of the Fair King and Queen and Talent Show. The Talent Contest and selection of King and Queen will be held at the same time at the grandstand. In case of rain the show will be presented in the new 4-H and Grange Building.

McClellan Seeks Nod For Probe of Strike

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., told the Senate today that a powerful unionist has demanded a payoff as the price for settlement of a strike holding up work on 11 nuclear submarines for the Navy.

McClellan voiced the allegations in appealing for permission for his Senate Investigations subcommittee to launch hearings.

Senators filibustering against the administration's communications satellite bill have invoked a rule barring committees from meeting while the Senate is in session.

McClellan asked unanimous consent for his committee to meet, but Sen. Wayne Morse, D-Ore., one of the leaders of the filibuster fight, refused to agree. Morse was cut off from an effort to explain his reasons for objecting.

In his Senate speech, McClellan did not name the man allegedly demanding a payoff as a price for allowing the settlement of the strike which had paralyzed work on nuclear submarines at the Groton, Conn., plant of General Dynamics since July 19.

McClellan told the Senate that representatives of management and labor had twice reached terms for settlement of the strike, only to have their efforts blocked when rank and file unionists voted not to accept terms.

McClellan said his subcommittee "has information that the settlements heretofore have been obstructed by the efforts of a former president of a (union) local" who had been expelled previously by the union but who still "apparently wields great influence with the rank and file."

This powerful unionist, McClellan charged, "has offered for a sum of money and other considerations to withdraw his opposition" and let terms of a third settlement plan hammered out last Friday be accepted.

The new settlement pact is scheduled to be submitted to the rank and file members for ratification or rejection Tuesday, McClellan said.

(Continued from Page 1)  
Clellan said, and if the charges against the unionist can be substantiated, he said this would have a great impact on the result.  
The Senate met two hours earlier than usual as leaders pressed for an end to the filibuster.

The measure provides for the public and communications companies to share 50-50 in the stock of a corporation to launch and operate communications satellites.

Filibustering advocates of government ownership, numbering perhaps a few more than a dozen liberals, have blocked any substantial progress on the bill since Democratic leader Mike Mansfield of Montana first tried to bring it up last Thursday.

A session was called Saturday in an effort to keep the pressure on the liberals. But much of the pressure turned out to be on the leaders themselves. They spent more than 10 hours getting together the 50 senators required to conduct Senate business.

There was only six minutes of talking in the unusual Saturday session, with foes of the administration holding out their ammunition for another day.

The little band of determined liberals is demonstrating again that the Senate can be blocked from acting on almost any issue.

But by using the filibuster against the communications bill the liberals may be putting themselves in an embarrassing position.

"I don't think they can come into future battles for civil rights legislation with clean hands," Sen. Hubert H. Humphrey, D-Minn., told a newsmen Sunday.

On civil rights and other issues Humphrey usually lines up with the liberals now backing the administration. This time the assistant Democratic leader is guiding efforts to get action on the administration bill.

Southern Democrats who support the bill made it clear that they would not vote to shut off debate if administration leaders tried that device. To vote for closure might put southerners in an embarrassing position for any future filibusters against civil rights legislation.

Without the liberal opponents of the bill and the southerners, the leadership would have no hope of getting a two-thirds vote which would be needed to halt debate.

## Governor's Press Conference Held under Eye of TV Camera

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle transformed his news conference today into a reelection campaign vehicle for television.

A crew of five from a New York firm (George Stoney Associates) set up cameras, lights and equipment to film a 30-minute program showing DiSalle in conference with a half dozen newsmen.

The Democrat incumbent discussed a current dispute over use of a state fair grounds building, announced several appointments, asked another question of his Republican opponent, state Auditor James A. Rhodes, and said his statewide campaign is drawing large crowds.

DiSalle takes off Tuesday on the third week of his tour. He plans to visit the counties of Delaware, Morrow, Crawford, Wyandot and Marion.

The governor said he hoped something could be worked out in a dispute over use of an Ohio National Guard building on the fairgrounds. More than a score of

## Three Arrested For Entries At Ashville

Three persons, two juveniles and one adult were apprehended today by Deputy Sheriff William Pontious with the help of Marshall Glenn Clay of Ashville, for entering two Ashville business establishments during the night.

The adult was Christopher Columbus Evans, 19, of 329 W. Huston St.

The youths broke a plate glass window valued at \$175 at Messick Market and removed two 79-cent bags of potato chips, Deputy Pontious said.

At Gloyd's Standard Oil Station they broke two small glass windows and took six packages of cigarettes and drank eight bottles of pop from an outside cooler. They also took five bottles of pop from an outside cooler at Donaldson's Restaurant, according to the deputy.

All three of the suspects are on probation—Evans for gas theft and the juveniles for breaking and entering and gas theft.

## Many Doctors Fail Return To Saskatoon

SASKATOON, Sask. (AP)—Many of the doctors who took part in this month's suspension of practice are lost to Saskatchewan Province.

These are doctors who decided to quit the province rather than work under a compulsory medical care plan. At this stage, nobody knows exactly how many will never come back, but estimates run to around 100.

In general, however, the family doctor is back in business in this province of 925,000 people.

For three weeks most of the 625 private practitioners boycotted the medical care plan. They closed their offices July 1, calling the plan a threat to their freedom.

Last Monday the doctors signed an agreement with the government ending the boycott.

The agreement provides for a special session of the legislature to amend the medical act to allow doctors to practice outside it.

## Ohio Checkup Planned on Dreaded Drug

COLUMBUS, Ohio (AP)—Ohio Health Director Dr. Ralph Dwork said today his department is investigating the extent of use of the drug thalidomide in the state.

Dwork said he hopes to find out how much of the drug was available. "If our information shows the drug was available to a number of physicians," he continued, "we will conduct a widespread study of its effects."

Thalidomide is believed to be a cause of malformity in newborn babies when taken by pregnant women.

"We intend to find out how many physicians who may have had the drug gave it to women in the vital age group. For instance," Dwork explained, "if the drug was available to institutional physicians, the problem is not distressing because we know they would not have treated pregnant women."

Dwork said he expects to have the needed information within a week to determine if further study is needed.

corporations, such as General Electric and owners not living on their land, even though they may constitute the largest holdings, are not eligible as petitioners—nor are they counted to determine whether or not a majority has petitioned.

The petition submitted today contained six signatures. According to the Mayor, this is the necessary majority.

**THE COMMISSION.** If accepting the proposal for formal consideration, may order a public hearing not sooner than 60 days after the petition is presented. The county fathers in addition may direct the agent for the petitioners to advertise the hearing according to law, and direct that the petition and the accompanying plat be filed with the County Auditor for public inspection.

According to the Mayor, after a hearing date has been set, petitioners are not privileged to withdraw their names so as to deny jurisdiction of the Commission, unless the Board permits them to do so. This would constitute a means of denying hearing, but the Commission already holds the authority to schedule such a meeting.

After the public hearing, the Commission may grant the annexation in full, grant part of it and reject the other part, or reject it in full. Based on what the Board grants, the next action for annexation completed would be by Circleville Council.

Penn said a public hearing is essential for all parties concerned. He said an attempt was made to satisfy as many parties involved as possible in preparing the petition by consultation with them. But he added that this attempt was not thorough enough.

Penn said Council, whose concurrence in whatever the board of county commissioners does is necessary for the completion of the annexation, has only been consulted in a cursory manner and then without a public exposure of the matters involved. Both the council and board of county commissioners must have the benefit of public comment, he added.

## Scots Irked By Goof in White House

EDINBURGH, Scotland (AP)—A geographical goof in the White House has a number of Scots irked.

Someone in President Kennedy's office addressed a letter: "Edinburgh, England."

Edinburgh is, of course, the capital of Scotland.

Calling a Scotsman an Englishman is like calling an Alabamian a Yankee.

What happened was this: A Scottish newspaper, the Weekly Scotsman, is running a series on Scottish clans. When the story of the clan Kennedy was published, the editor sent a copy to the White House.

The editor was delighted to receive a letter from President Kennedy's office, thanking him for forwarding the information about the clan Kennedy.

But the address on the envelope was: "The Weekly Scotsman, North Bridge, Edinburgh, England."

That did it.

Under a large headline the current issue of the paper says: "Oh, Mr. Kennedy—not a very good way to make friends and influence people."

**Gas Company Rate Increase Covers Ashville**

The Village of Ashville is included in a list of six Ohio communities to receive an increase in natural gas rates September 1, according to the Ohio Fuel Gas Co. Forty-nine other communities will undergo reductions in gas rates.

The reductions are the result of escalator clauses in contracts between the communities and the company.

Rates will be increased a half-cent per 1000 cubic feet in Bucyrus, and one cent per 1000 cubic feet in Ashville, Fredericktown, Gahanna and Plymouth.

The rate in Enon goes up 5 cents per 1000 cubic feet.

Included in the half-cent reduction are 265 industrial consumers throughout the state.

Communities receiving a half-cent reduction per 1000 cubic feet are Mansfield, Minerva Park, Whitehall, Oregon, Wellston, Columbus, Bexley, Grandview Heights, Riverlea, Worthington, Toledo, Maumee, Rossford, Urbana, Ashland, Galion, Ada, Carey, Helena, Bay Village, Cambridge, Hamden, Marysville, North Ridgeville, Upper Sandusky, Ottawa Hills, Frazesburg, Shelby, Shiloh, Bellevue, Bloomville, Bradner, Canal Winchester, Catawba Island, Grove City, Jefferson, Republic, Sheffield, Sycamore, Wayne, Leroy, Wakeman, Columbian, East Sparta, Lisbon Malvern, Salem and Salineville.

Clellan said, and if the charges against the unionist can be substantiated, he said this would have a great impact on the result.

The Senate met two hours earlier than usual as leaders pressed for an end to the filibuster.

The measure provides for the public and communications companies to share 50-50 in the stock of a corporation to launch and operate communications satellite.

Filibustering advocates of government ownership, numbering perhaps a few more than a dozen liberals, have blocked any substantial progress on the bill since Democratic leader Mike Mansfield of Montana first tried to bring it up last Thursday.

A session was called Saturday in an effort to keep the pressure on the liberals. But much of the pressure turned out to be on the leaders themselves. They spent more than 10 hours getting together the 50 senators required to conduct Senate business.

There was only six minutes of talking in the unusual Saturday session, with foes of the administration holding out their ammunition for another day.

The little band of determined liberals is demonstrating again that the Senate can be blocked from acting on almost any issue. But by using the filibuster against the communications bill the liberals may be putting themselves in an embarrassing position.

"I don't think they can come into future battles for civil rights legislation with clean hands," Sen. Hubert H. Humphrey, D-Minn., told a newsman Sunday.

On civil rights and other issues Humphrey usually lines up with the liberals but bucking the administration. This time the assistant Democratic leader is guiding efforts to get action on the administration bill.

Southern Democrats who support the bill made it clear that they would not vote to shut off debate if administration leaders tried that device. To vote for cloture might put southerners in an embarrassing position for any future filibusters against civil rights legislation.

Without the liberal opponents of the bill and the southerners, the leadership would have no hope of getting a two-thirds vote which would be needed to halt debate.

## Governor's Press Conference Held under Eye of TV Camera

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle transformed his news conference today into a reelection campaign vehicle for television.

A crew of five from a New York firm (George Stoney Associates) set up cameras, lights and equipment to film a 30-minute program showing DiSalle in conference with a half dozen newsmen.

The Democrat incumbent discussed a current dispute over use of a state fair grounds building, announced several appointments, asked another question of his Republican opponent, state Auditor James A. Rhodes, and said his statewide campaign is drawing large crowds.

DiSalle takes off Tuesday on the third week of his tour. He plans to visit the counties of Delaware, Morrow, Crawford, Wyandot and Marion.

The governor said he hoped something could be worked out in a dispute over use of an Ohio National Guard building on the fairgrounds. More than a score of

## Three Arrested For Entries At Ashville

Three persons, two juveniles and one adult were apprehended today by Deputy Sheriff William Pontious with the help of Marshall Glenn Clay of Ashville, for entering two Ashville business establishments during the night.

The adult was Christopher Columbus Evans, 19, of 329 W. Huston St.

The youths broke a plate glass window valued at \$175 at Messick Market and removed two 79-cent bags of potato chips, Deputy Pontious said.

At Gloyd's Standard Oil Station they broke two small glass windows and took six packages of cigarettes and drank eight bottles of pop from an outside cooler. They also took five bottles of pop from an outside cooler at Donaldson's Restaurant, according to the deputy.

All three of the suspects are on probation—Evans for gas theft and the juveniles for breaking and entering and gas theft.

## Stock Market Prices Climb

NEW YORK (AP) Stock market prices improved in moderate trading early this afternoon. The list was up for the third straight session.

The Associated Press average of 60 stocks at noon rose .60 at 217.40, with industrials up .90, rails up .30, and utilities up .50. Gains of most key stocks were narrow, a few going to about a point. Losers in the same range were scattered throughout the list.

The weekend brought little influence on market prices and Wall Street was still preoccupied with prospects for a reduction in income taxes.

Although the outlook was for an upturn in steel operations beginning next month, steels were unchanged to barely higher.

The trend was mostly higher among tobaccos, aerospace issues, oils, motors, rails, chemicals and utilities.

## Gas Company Rate Increase Covers Ashville

The Village of Ashville is included in a list of six Ohio communities to receive an increase in natural gas rates September 1, according to the Ohio Fuel Gas Co. Forty-nine other communities will undergo reductions in gas rates.

The reductions are the result of escalator clauses in contracts between the communities and the company.

Rates will be increased a half-cent per 1000 cubic feet in Bucyrus, and one cent per 1000 cubic feet in Ashville, Fredericktown, Gahanna and Plymouth. The rate in Enon goes up 5 cents per 1000 cubic feet.

Included in the half-cent reduction are 265 industrial consumers throughout the state.

Communities receiving a half-cent reduction per 1000 cubic feet are Mansfield, Minerva Park, Whitehall, Oregon, Wellston, Columbus, Bexley, Grandview Heights, Riverlea, Worthington, Toledo, Maumee, Rossford, Urbana, Ashland, Galion, Ada, Carey, Helena, Bay Village, Cambridge, Hamden, Marysville, North Ridgeville, Upper Sandusky, Ottawa Hills, Frazeyburg, Shelby, Shiloh, Bellevue, Bloomville, Bradner, Canal Winchester, Catawba Island, Grove City, Jefferson, Republic, Sheffield, Sycamore, Wayne, Leroy, Wakeman, Columbiana, East Sparta, Lisbon, Malvern, Salem and Salineville.

## Berger Treats Youth after Fall from Bike

A fall from a bicycle was the cause of injury for a Circleville youth who received emergency treatment at Berger Hospital during the weekend. A total of five persons were treated and released.

Roger Lee Shelpman, 8, son of Mr. and Mrs. Carl Shelpman, Route 3, while riding a bike caught his right foot in the front wheel resulting in abrasions to his ankle.

Janet Hunt, 17, Tarlton, fell over a wooden crate and lacerated the back of her left leg.

William Walls, 22, Lowery Lane, while at work ran a nail into the side of his right foot.

David Hubbard, 21, 729 S. Court St., fell while at work and pushed his hand through a glass window causing a laceration to his right thumb nail.

Jerry Vance, 19, Route 2, Orient, ran a splinter under his right thumb nail.

## Guerrillas Crab Algerian Capital

ALGIERS (AP)—Algerian guerrilla troops held Algiers today after a bloodless coup believed to favor dissident Vice Premier Ahmed Ben Bella's quest for power.

Several known opponents of Ben Bella were arrested. Among them was Amar Oussedik, political commissar of the Algiers autonomous zone, which the guerrilla leaders said was dissolved.

Premier Ben Youssef Ben Khedda and officials of his government were not molested.

Two thousand guerrillas of the Wilaya (Zone) No. 4 surrounding Algiers occupied the city at dawn Sunday.

Their commander, 27-year-old Col. Si Hassan, said he hoped to form a junta of Wilaya commanders to head the government until elections are held in the newly independent nation. Elections for a constituent assembly are scheduled Aug. 12.

The guerrilla command announced it had taken control to re-establish national unity. It pledged to "open the gates" of the capital to all political tendencies seeking a solution to the new nation's political problems.

The announcement was considered a prelude to the installation in Algiers of the seven-man political bureau Ben Bella is sponsoring.

In Paris, Ben Bella's right-hand man, Mohammed Khider, told a news conference the political bureau would be in Algiers on Thursday or Friday. It was set up in the western Algerian city of Tlemcen under Ben Bella's control.

But Khider also warned that "the situation is very grave. If stability is not established within a month, I fear the worst."

The guerrilla troops first seized Radio Algiers, which beamed their appeal to the population for "calm and support."

The city remained quiet throughout the day. Crowds poured out to the beaches as usual.

The only sign of the coup were soldiers in camouflage uniforms and machine guns set up in some streets in predominantly Moslem areas.

Officials of Ben Khedda's regime said the guerrilla coup "restored the status quo." They claimed Hassan acted to do away with "illegal power usurped by the autonomist zone since last April 2."

Mrs. E. W. Freshour entertained the Mt. Pleasant Garden Club at her home. She was assisted by Mrs. Earl Wolfe.

Mrs. Harrison Wolfe, president, appointed her program committee for the year. Named were Mr. J. L. Maxwell, Miss Grace Dresbach, Mrs. William Meadows and Mrs. Adrian McVey.

Miss Dresbach led a discussion on herb gardening and the use of herbs. She said herbs are divided into three classes: culinary, aromatic, and medicinal. Some herbs are used to heighten the flavor of vegetables and others for meat and poultry. In most cases, they should be used sparingly.

She urged members to plant a small herb garden and made recommendations for its cultivation. Arrangements for the meeting were to be based on a theme including herbs. First place went to Mrs. J. N. Boecher of Hallsville, and second to Mrs. Gene Crawford, Kingston.

The September meeting will be held at the home of Mrs. D. H. Dreisbach.

Mrs. Tom Roos and son, Scott Kreisel, arrived to spend the week with her father, Mr. Forrest Kreisel. They will return to their home at Wauseon with Mr. Roos when he comes to spend the weekend here.

Mrs. F. B. Mowery returned home after a two week's visit with her son, James Mowery, at Cedarhurst, Long Island.

Mrs. Maude Yaple who has been in poor health for some time, entered Chillicothe Hospital Wednesday for medical care.

Calling on Miss Margaret Thomas Wednesday was a cousin, Mrs. David Ice from Jackson.

Mr. and Mrs. W. R. Sunderland were Sunday guests of friends, Mr. and Mrs. D.H. Davis at Dayton. On Wednesday, the Sunderslands visited their son-in-law and daughter, Mr. and Mrs. Don Trueman and children, at Hamilton. Two of the grandchildren, Donna and Keith, returned home with them for a visit here.

Mr. and Mrs. Richard Immell, Jr. have purchased the property owned by Junior Kerns on Woodland Ave. Mr. Immell at present is attending National Guard Camp. They will move into their new home when he returns.

Mr. Louis Holderman, Miss Marvene Holderman, Mrs. John Bell, all of Circleville and Mrs. Bernice Immell of Kingston are taking an extended motor tour through the northwestern states and Canada where they are visiting many places of interest, including the Worlds Fair at Seattle.

Mr. and Mrs. John Davis, Mr.

and Mrs. Dwight Davis and children, Jimmy and Kristi, and Mr. and Mrs. Winston Hood are spending this week at a cottage on Buckeye Lake. Dan and Tom Davis, sons of Mr. and Mrs. Raymond Davis, also accompanied them and visited until Wednesday. Spending the day with them on Monday were Mrs. Carroll Minor, Mrs. John B. Thomas and Steve, Mrs. Russell Kempton, Nancy Minor, Mary Corcoran, Janet Vollmar, Linda Shaw, and Judy Parsons.

Sisters of Dr. J. D. Stewart who are Mrs. John Waddick and her daughter, Patricia of Quantico, Va., and Mrs. Thelda Trentecost with Tony and Robin from California are here spending several weeks with their mother, Mrs. Vina Stewart at the farm on the Greenfield Pike.

Visitors at Dr. Stewart's home from Friday till Thursday were Mrs. Stewart's sister, Mrs. Ruth Maslanka, Toni and Victor from Lansing, Ill.

Mrs. Ruby Wood from Lake White is spending several weeks here with her son and daughter-in-law, Mr. and Mrs. Charles Wood and family.

Mr. and Mrs. Richard Routt and daughter, Diana, are visiting in Orlando, Fla., at the home of Mr. and Mrs. Nye Immell.

Mr. and Mrs. Irwin Dresbach and sons, Tony, Tracy and Terry, have returned home from a visit with Mr. Dresbach's brother, Melvin L. Dresbach and family at their home in Ballston Spa, New York.

## Steel Order Upturn Coming

August Is Expected To Be Good Month

CLEVELAND (AP) — Steel demand during August should rise moderately as vacations taper off and automakers place their first big orders for metal for 1963 model runs, the magazine Steel said today.

"Detroit sources expect Chrysler and Chevrolet and Cadillac divisions of General Motors to place their first major sheet orders in mid-August (for mid-September shipment)," the publication said.

"Because of model changeovers, the auto industry will build only 197,000 cars, in August (vs. 583,000 in July). Studebaker closed two weeks ago. Chrysler and American Motors started to shut down last week. Most Ford Motor Co. plants will continue building into August—as will the majority of General Motors Corp. plants."

Production of automobiles was forecast at 473,000 units in September, 1.25 million for the third quarter, and 1.8 million in the fourth quarter.

The nation's steel production rose last week for the third straight week. Last week's estimated output of 1.47 million ingot tons was 5 per cent above the previous week's production, Steel said.

"Part of the improvement is attributed to delayed recovery from the July 4th holiday curtailment, and part of increased orders for finished steel from customers," said the magazine. It looks for the production uptrend to continue this week.

## The World Today

WASHINGTON (AP) — James Bryce was puzzled by the Democrats and Republicans. They'd still have this Englishman guessing if he were alive now.

In his book, "The American Commonwealth," he asked 74 years ago: What's the difference between the two parties? He confessed he couldn't see much.

A lot of inquisitive voters will have the same trouble in this year's congressional election, while some of the others verify the conclusion of Wilfred E. Binkley.

This political scientist, writing some years ago, asked: "What motivates the voter making a decision?" He said, by and large, the decision is reached by non-logical processes:

"If there is one determining factor it is probably the climate of opinion in which the voter has lived and this was originally provided for him by his family."

He might have added this could change in moments of great national agitation, of crisis, or in an election campaign with deep emotional issues.

Unless there's an explosion before November this will be an unexciting campaign without national agitation, crisis, or emotional issues, except perhaps for older

people who saw the medical care plan defeated.

Even there, although President Kennedy will stump to get more Democrats elected, his own Democrats deflated the issue for him since they must share responsibility with Republicans for killing medical care.

Just because enough of them, mostly Southerners, joined Republicans in killing that bill and other Kennedy programs, the President is in an embarrassing position in asking for more Democrats.

There was a sharp distinction in the depression days of the 1930s between the Democrats who wanted action and the stand-pat conservative Republicans.

There was also a great difference on foreign policy between the internationally minded Democrats and the isolationist Republicans before and even after World War II.

But the Republicans thereafter teamed up with Democrats to support President Eisenhower's foreign policy, which was President Harry Truman's policy, and team up now to support the same policy of Kennedy.

So, because there is no great foreign issue this year, international affairs can hardly be much of a campaign dispute.

By James Marlow

At home the economy has slipped. This may have some effect, but not to the degree of a depression.

The two parties, without any wide emotional pressure at home or abroad for change or innovation, have reverted to what both of them truly are in any fairly normal period: They're both conservative.

The fact that these congressional politicians think they can afford to be conservative seems to be a pretty good reflection of a broad popular complacency at this time among the voters.

## How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Fog restricted the visibility over most of Ohio early today. It was the worst in the central counties.

The humidity was near 100 per cent as early morning temperatures dropped to 65 at Columbus, 61 at Toledo, 68 at Cleveland and 69 at Cincinnati.

Warm, humid air will dominate Ohio today, and there is a possibility of scattered thundershowers this afternoon and tonight.

A weak cold front will move eastward through the state tonight, bringing slightly cooler temperatures late tonight and Tuesday. Skies will be partly cloudy Tuesday, and high temperatures will be mostly in the upper 70s or low 80s with no rain expected.

### OHIO FIVE DAY FORECASTS

**SOUTHERN & CENTRAL OHIO** — Temperatures will average three to six degrees below normal. Normal high mid 80s, normal low 61-66. Cooler tonight, warmer later part of week. Rainfall will average about one-half to three-fourths of an inch occurring tonight, again latter part of week.

## Whether bowling, or relaxing at home... You'll Appreciate the Comfort of GAS AIR CONDITIONING

Delightful, refreshing coolness... clean, filtered air, properly humidified for greatest comfort... these are the things you enjoy with central Gas Air Conditioning.

And you'll be pleasantly surprised to learn that Gas Air Conditioning costs less than you might have thought.

The purchase and installation of an Arkla-Servel Gas heating-cooling system in a new home can be financed with the mortgage, for a very modest increase in payments. Or, this "All-Year" Gas Air Conditioning unit can replace a worn-out furnace.

For an existing home with a good forced air Gas furnace, there's the Bryant Gas "Add-On" Air Conditioning unit. It installs outside your home... makes practical use of existing heating ductwork for economical Gas cooling. Best of all, you can finance the whole job through The Gas Company and pay for it along with your regular Gas bill.

## The World Today

WASHINGTON (AP) — James Bryce was puzzled by the Democrats and Republicans. They'd still have this Englishman guessing if he were alive now.

In his book, "The American Commonwealth," he asked 74 years ago: What's the difference between the two parties? He confessed he couldn't see much.

A lot of inquisitive voters will have the same trouble in this year's congressional election, while some of the others verify the conclusion of Wilfred E. Binkley.

This political scientist, writing some years ago, asked: "What motivates the voter making a decision?" He said, by and large, the decision is reached by non-logical processes:

"If there is one determining factor it is probably the climate of opinion in which the voter has lived and this was originally provided for him by his family."

He might have added this could change in moments of great national agitation, of crisis, or in an election campaign with deep emotional issues.

Unless there's an explosion before November this will be an unexciting campaign without national agitation, crisis, or emotional issues, except perhaps for older

people who saw the medical care plan defeated.

Even there, although President Kennedy will stump to get more Democrats elected, his own Democrats deflated the issue for him since they must share responsibility with Republicans for killing medical care.

Just because enough of them, mostly Southerners, joined Republicans in killing that bill and other Kennedy programs, the President is in an embarrassing position in asking for more Democrats.

There was a sharp distinction in the depression days of the 1930s between the Democrats who wanted action and the stand-pat conservative Republicans.

There was also a great difference on foreign policy between the internationally minded Democrats and the isolationist Republicans before and even after World War II.

But the Republicans thereafter teamed up with Democrats to support President Eisenhower's foreign policy, which was President Harry Truman's policy, and team up now to support the same policy of Kennedy.

So, because there is no great foreign issue this year, international affairs can hardly be much of a campaign dispute.

By James Marlow

At home the economy has slipped. This may have some effect, but not to the degree of a depression.

The two parties, without any wide emotional pressure at home or abroad for change or innovation, have reverted to what both of them truly are in any fairly normal period: They're both conservative.

The fact that these congressional politicians think they can afford to be conservative seems to be a pretty good reflection of a broad popular complacency at this time among the voters.

## How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Fog restricted the visibility over most of Ohio early today. It was the worst in the central counties.

The humidity was near 100 per cent as early morning temperatures dropped to 65 at Columbus, 61 at Toledo, 68 at Cleveland and 69 at Cincinnati.

Warm, humid air will dominate Ohio today, and there is a possibility of scattered thundershowers this afternoon and tonight.

A weak cold front will move eastward through the state tonight, bringing slightly cooler temperatures late tonight and Tuesday. Skies will be partly cloudy Tuesday, and high temperatures will be mostly in the upper 70s or low 80s with no rain expected.

### OHIO FIVE DAY FORECASTS

SOUTHERN & CENTRAL OHIO — Temperatures will average three to six degrees below normal. Normal high mid 80s, normal low 61-66. Cooler tonight, warmer later part of week. Rainfall will average about one-half to three-fourths of an inch occurring tonight, again latter part of week.

Delightful, refreshing coolness... clean, filtered air, properly humidified for greatest comfort... these are the things you enjoy with central Gas Air Conditioning.

And you'll be pleasantly surprised to learn that Gas Air Conditioning costs less than you might have thought.

The purchase and installation of an Arkla-Servel Gas heating-cooling system in a new home can be financed with the mortgage, for a very modest increase in payments. Or, this "All-Year" Gas Air Conditioning unit can replace a worn-out furnace.

For an existing home with a good forced air Gas furnace, there's the Bryant Gas "Add-On" Air Conditioning unit. It installs outside your home... makes practical use of existing heating ductwork for economical Gas cooling. Best of all, you can finance the whole job through The Gas Company and pay for it along with your regular Gas bill.

Wildlife Annihilation Goes On

Until the disappearance of the buffalo from the great plains, little concerted attention was paid to conservationists who warned animal wildlife was threatened with extinction. But the decline of the buffalo was so rapid, so drastic and so obviously caused by man's willful negligence, a dramatic lesson was presented which could not be ignored.

Awareness of the problem of wildlife annihilation has not stopped the trend exemplified by the American bison. About 40 per cent of the hundreds of mammals lost through extinction since the birth of Christ have disappeared within the last 50 years. Since 1900, one mammal species a year has been lost, and the rate is accelerating with population increases.

These are a few of the findings to emerge from the first World Conference on National Parks, held in Seattle. The threat is not limited to the United States or any single region, but extends even to the continent of Africa. Africa usually is pictured as a bountiful haven of plant and animal life, but the lion, rhinoceros and

guerrilla are three species native to that continent now facing eventual extinction.

It is not man's need for food in an expanding frontier, as in the case of the buffalo, which threatens native denizens. Record population increases, prevalent almost everywhere, require increasing areas of land for industry and homes. It is the bulldozer, not the rifle or bow and arrow, which threatens the remaining wildlife kingdoms.

It is evident from the accelerated decline in animal life that man is not doing enough to protect at least a limited number of each species presently sharing the planet. Conferees from the Seattle conservationist meeting are once again provoking a demand that "something be done."

Before another temporary attack is made on the problem, public support should be sought for a genuine, continuing program to conserve remaining types of wildlife. Or is wildlife inevitably doomed, and therefore not worth saving?

Scandal To Come First

Major reforms, whether in a private business or in a governmental agency, seldom occur unless preceded by some kind of major scandal. It is human nature to coast along, hesitating to upset accepted ways of operating.

This is illustrated in the U. S. Department of Agriculture. For years many insiders have said and many outsiders have guessed that the department was badly in need of overhaul. It has become a monstrous collection of agencies, offices, committees, bureaus, etc., tacked on as new problems arose.

Now the "major scandal" has occurred, and if the department cannot be reor-

ganized as a more effective unit in the wake of the Billie Sol Estes case, it never can be.

Sen. John L. McClellan, chairman, of the Senate's permanent subcommittee on investigations, pinpointed the place to start when he said "there has been a procedure; it has got to be tightened up."

Agriculture Secretary Freeman has shown less than eagerness to move into the situation and bring about the organizational reforms that appear to be necessary. Perhaps it is time for President Kennedy to hunt for that "new broom" that in the usual cliché can "sweep clean."

Young Men in Vital Role

A Joint Resolution was passed by the present Congress providing for the establishing of the former dwelling house of Alexander Hamilton as a national memorial.

This means that the home of Alexander Hamilton, known as "The Grange," situated in New York City, becomes a national memorial.

The role of Alexander Hamilton as one of the founders of the United States is often forgotten. Born in the West Indies, Alexander Hamilton came to New York to study at King's College which ultimately became Columbia University. Young Alexander Hamilton, even as a student, became politically active in support of the Revolution. He became an aide to George Washington and was undoubtedly his ghost writer. During the Revolutionary War, he was constantly at Washington's side.

However, Hamilton's greatest service to the new government was the publication, with John Jay and James Madison, of "Federalist Papers" which to this day laid the foundation for the understanding of the Constitution and the perpetuation of the New Government. As Secretary of the Treasury, he laid down the economic basis in his "Report on Manufactures" which established the concept of the protective tariff and which gave to the country econom-

ic independence. Hamilton's ideas conflicted with those of Thomas Jefferson. Hamilton feared the incompetence of the masses; Jefferson believed that the voice of the people is the voice of God.

I will be permitted this over-simplification which is good enough for present purposes; otherwise a monograph beyond allowable space would be necessary. Aaron Burr, who disliked Alexander Hamilton, was the leader of the Democrats in New York, perhaps the founder of Tammany Hall. At any rate, Burr and Hamilton fought a duel over the Jersey side and Hamilton was killed at the age of 47.

In these days of Keynesian economics and sophisticated assumptions, it is good to see that Congress has recalled the name and significance of Alexander Hamilton. It is interesting also to recall the words of Elihu Root, written in 1934 which somehow sound like 1962:

"The United States is at the threshold of a very serious discussion upon matters materially affecting our system of government and our social organization. For the avowed purpose of dealing with an emergency, many powers have been assumed and exercised by our government which the people of the country had never thought of granting. The people generally, however, have felt that an emergency did exist, in the stagnation of business and in the lack of employment for millions of workers of all kinds, and they have strongly desired the success of the Administration in its efforts to produce activity in business, general reemployment, and renewed prosperity; and although many Americans have doubted the wisdom or the authority of some of the things that have been done, there has been a general unwillingness to undertake active opposition to particular acts lest such opposition might tend to retard or to show lack of sympathy with the special efforts the Administration was making."

It would be advantageous for an understanding as to why the Amer-

The Business World

By ED MORSE

AP Business News Writer NEW YORK (AP)—The stock market returned to the upside last week but on the lightest trading in a year.

Wall Street was preoccupied with whether President Kennedy would recommend an immediate tax cut. Since the President has postponed his decision until some time in August when he will have in hand the economic reports for July, the financial community was left in a kind of limbo.

Toward the end of the week, thanks to a published article which stated flatly that the President had determined on a \$7 billion reduction of income taxes, sentiment in the street began to improve. Even though White House sources denied that Kennedy had made up his mind, the general feeling among the Broker-

age fraternity was that a tax cut was probable.

This was enough to improve buying somewhat but not enough to cause any general enthusiasm among a public which last spring saw the worst stock crash since 1929.

Volume faded to 13,914,661 shares from 15,962,490 in the previous week and was the lowest for any full trading week the week ended July 22, 1961 when turnover was 13,552,340 shares.

Thanks to advances by some of the blue chips represented in the Dow Jones average of 30 industrial, this indicator advanced 7.82 to 585.00.

In the over-all market of 1,442 issues traded, however, gainers outnumbered losers by only 647 to 615.

For the first three trading days, the market could best be described as mixed, with a tendency toward the downside. This matched President Kennedy's description of the economy as "a mixed bag" and events during the week did little to change that.

The Associated Press average of 60 stocks this week made a moderate gain of 1.20 at 216.80.

A decline in gold mining shares, which have had quite a speculative rise on hopes of some traders that the dollar would be devalued, was traced to Kennedy's renewed pledge that the United States would not devalue the dollar. The President underlined this by stating that those who speculate against the dollar are going to lose.

A further result of the President's remark was a strengthening of the dollar in foreign exchange markets.

A rally by motor stocks in the final two trading days was fueled not only by good earnings reports from Detroit but also by Wall Street investment advisories stressing that 1962 looked like the industry's second best year.

Stocks of savings and loan holding companies rallied on news that the Senate Finance Committee had softened its tax proposals on these thrift institutions.

It would be advantageous for an understanding as to why the American economy was unlike any in Europe to study the papers of Hamilton who could foresee in 1791 that:

"There are certain species of taxes, which are apt to be oppressive to different parts of the community, and, among other ill effects, have a very unfriendly aspect towards manufactures. All poll or capitation taxes are of this nature. They either proceed according to a fixed rate, which operates unequally and injuriously to the industrious poor, or they vest a discretion, in certain officers, to make estimates and assessments, which are necessarily vague, conjectural, and liable to abuse. They ought, therefore, to be abstained from in all but cases of distressing emergency."

Perhaps some of our current statesmen might have a look at this to see what is preventing our economy from moving. They would perhaps find in Alexander Hamilton rather than in John Maynard Keynes the intellectual leadership which is so sorely needed at the moment.

However, when anyone complains of the youth of President Kennedy and his entourage, it might be recalled that Alexander Hamilton was only 34 when he wrote his "Report on Manufactures," that he was 30 when he wrote "The Federalist"; that he was 32 when he was appointed Secretary of the Treasury. He was only 47 years old when Aaron Burr shot him. This country was founded by young men.

NEW YORK (AP)—The stock market returned to the upside last week but on the lightest trading in a year.

Wall Street was preoccupied with whether President Kennedy would recommend an immediate tax cut. Since the President has postponed his decision until some time in August when he will have in hand the economic reports for July, the financial community was left in a kind of limbo.

Toward the end of the week, thanks to a published article which stated flatly that the President had determined on a \$7 billion reduction of income taxes, sentiment in the street began to improve. Even though White House sources denied that Kennedy had made up his mind, the general feeling among the Broker-

age fraternity was that a tax cut was probable.

This was enough to improve buying somewhat but not enough to cause any general enthusiasm among a public which last spring saw the worst stock crash since 1929.

Volume faded to 13,914,661 shares from 15,962,490 in the previous week and was the lowest for any full trading week the week ended July 22, 1961 when turnover was 13,552,340 shares.

Thanks to advances by some of the blue chips represented in the Dow Jones average of 30 industrial, this indicator advanced 7.82 to 585.00.

In the over-all market of 1,442 issues traded, however, gainers outnumbered losers by only 647 to 615.

For the first three trading days, the market could best be described as mixed, with a tendency toward the downside. This matched President Kennedy's description of the economy as "a mixed bag" and events during the week did little to change that.

The Associated Press average of 60 stocks this week made a moderate gain of 1.20 at 216.80.

A decline in gold mining shares, which have had quite a speculative rise on hopes of some traders that the dollar would be devalued, was traced to Kennedy's renewed pledge that the United States would not devalue the dollar. The President underlined this by stating that those who speculate against the dollar are going to lose.

A further result of the President's remark was a strengthening of the dollar in foreign exchange markets.

A rally by motor stocks in the final two trading days was fueled not only by good earnings reports from Detroit but also by Wall Street investment advisories stressing that 1962 looked like the industry's second best year.

Stocks of savings and loan holding companies rallied on news that the Senate Finance Committee had softened its tax proposals on these thrift institutions.

## Ohio Planning Commission Rules Given

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy issued a ruling today involving planning commission procedure.

For Muskingum County officials he ruled that a city planning commission may adopt a plan for the parks of the city or for the area within three miles of the corporate limits thereof and may designate what land will be set apart for park purposes.

In other opinions he ruled that a county may rent space

in a county building to the federal or state governments for public purposes without destroying the tax-exempt status of the building (opinion for Guernsey County officials).

That the state laws requiring persons handling or in control of dangerous drugs must register with the state pharmacy board do not apply to members of a board of county commissioners in their operation of a county home or to officials of a county home

(opinion for Ashland County officials).

That where real property has erroneously been carried on the tax list as exempt for more than five years, the county auditor must add such property to the tax list and must charge taxes on the property for the five preceding tax years (opinion for Morrow County officials).

That where a township cemetery is located in an area, which by annexation or otherwise, be-

comes a part of a city, the cemetery becomes the property of the city and should be operated by the public service director of the city (opinion for Preble County officials).

## Pat on Back for Dollar Heard around World

NEW YORK (AP)—The rumor-buffed U.S. dollar has received a pat on the back that was heard and seen around the world.

President Kennedy, speaking in a news conference televised live to Europe via Telstar satellite, pledged that the dollar will not be devaluated.

"Those who speculate against the dollar are going to lose," he said.

The reaction was quick. The speculators who had bet on rumors that the dollar would be devaluated rushed to sell their gold-mining shares. Prices of shares tumbled on New York, London and Johannesburg exchanges.

The price of actual gold declined on the London bullion market.

There was a general strengthening of the dollar against major European currencies in foreign exchange markets here and abroad.

The dollar was in the news on another front. Americans learned that in June it wouldn't go as far in covering the cost of living as it did in May.

Mainly because of higher food prices, the Labor Department's consumers price index advanced one-tenth of one per cent to a record 105.3 per cent of the 1957-59 base period.

The index has increased eight-tenths of one per cent this year, rising to new records in four of the six months.

The possibility of an income tax cut remained up in the air with Kennedy saying he wanted to see

the July economic statistics before making a decision on whether to request Congress to approve a quick reduction to bolster business.

The House Ways and Means Committee began closed-door hearings on the status of the economy and the tax question was expected to be a major subject.

The stock market, moving with in a moderate trading range, was

considered by some brokers to be marking time pending a decision on the tax matter.

Stocks sold during the week totaled 13,914,661 shares, down from the 15,962,490 of the previous week and 17,360,360 for the comparable week of last year. Bond sales totaled \$20,450,000 par value, a drop from the \$24,676,000 of the previous week and \$36,060,000 for the comparable 1961 week.

The F. W. Dodge Corp., a statistical organization, reported the pace of new construction in the first five months of this year was "nothing short of phenomenal" although "the economy has shown less verve than expected."

Total awards through May amounted to a record \$17.2 billion, a gain of 17 per cent from last year.

Another economic indicator—new orders for metal-cutting type machine tools—wasn't favorable. The total for June was \$49.35 million compared with \$51.65 million in May and \$52 million in June 1961.

The Chase Manhattan Bank of New York, the nation's second largest, reported that business indicators appear to be acting "very much as they usually do six months or so in advance of a

business downturn."

In the railroad industry, operating unions sued to prevent the carriers from changing work rules Aug. 16 and threatened to strike unless the plans are called off. The railroads have announced their intention to enforce economy changes in operating practices recommended by a presidential commission.

Generally good six-month corporate earnings reports brightened the business picture. This was particularly true in the booming automobile industry, where General Motors, Ford, Chrysler and American Motors announced

substantial profit increases over a year earlier.

Automobile production slipped during the week to an estimated 137,000 passenger cars from 148,475 the previous week as Chrysler and American Motors completed 1962 model year production. New car sales in the middle 10 days of July totaled 175,149, down from 177,368 a year ago. It was the first decline this year.

Steel output increased during the week but steel companies didn't expect any major gain to develop before next month. The total of 1,398,000 tons was two per cent above the previous week.

## Miss Goeller, Mr. Tully Are United in Marriage

MRS. DENNIS P. TULLY

Vases of white gladioli and carnations decorated the altar of St. Joseph's Catholic Church for the wedding of Miss Mary Ellen Goeller and Mr. Dennis Patrick Tully on July 7. The Nuptial High Mass was celebrated by the Very Rev. Monsignor George Mason at 10:30 a. m.

The bride is the daughter of Dr. and Mrs. J. E. Goeller, Route 4, and Mr. Tully is the son of Mrs. Francis Tully, Baltimore, Md. and the late Mr. Tully.

Given in marriage by her father, the bride wore a ballerina length gown of white nylon lace over taffeta fashioned with a sabrina neckline, three-quarter length sleeves and a fitted bodice. The front of her very bouffant skirt was caught to a matching cabbage rose and the back featured tiers of white nylon tulle ruffles. The gown was worn over an old fashioned hoop. Her waist length veil of illusion was held by a crown of seed pearls and iridescent and she carried a cascade of white roses and miniature mums centered with a white orchid. For something old, she carried a lace handkerchief which her grandmother carried at her wedding.

Mrs. John S. Goode, sister of the bride, was matron of honor. She wore a ballerina length gown of light blue brocade taffeta designed along princess lines with a softly rounded neckline and brief sleeves. A velvet ribbon in a deeper shade of blue formed an empire bodice and the full gored skirt was enhanced in the back with tiny bow knots of matching velvet. She wore a matching pleated hairbraid hat with a scalloped circular veil and carried a cascade of pink carnations and white mums.

Mr. Joseph Goeller, brother of the bride, served as best man. The ushers were Mr. Donald P. Goeller and Mr. John S. Goode.

For her daughter's wedding Mrs. Goeller wore a Dior blue silk two-piece dress with matching accessories and a corsage of white carnations.

Mrs. Tully, the bridegroom's mother, wore an aqua crepe dress with matching accessories and her corsage was white carnations.

A wedding reception was held in the church basement following the ceremony. Hostesses were, Joyce Valentine, Sara Short and Ann Short, cousins of the bride, and Rita Binkley.

The new Mrs. Tully is a graduate of Pickaway Twp. High School and Brown's School of Medical Technology. She is employed at Mt. Carmel Hospital, Columbus.

Mr. Tully is a graduate of Mt. St. Joseph Academy, Baltimore, Md. Following graduation he served four years in the U. S. Air Force and is presently employed at the DuPont Plant.

The new couple is residing at 216½ S. Court St.

Out of city guests attending the wedding were from Ashville, Harrisburg, Sunbury, Columbus and Baltimore, Md.

## Baby Gift Ideas That Are Useful

By JOAN O'SULLIVAN

What do you give the new mother for her new baby?

It's a query that seems to stump people so, being an expert (a new mother), we've surveyed the subject and come up with some answers to this oft-asked question.

One of the most delightful—and useful—presents for Baby is a cradle seat. It's a very junior-type lounge chair and baby will love it! So will mom!

A new model has a strong, but very lightweight, tubular steel frame and a seat that adjusts to three positions for sitting, reclining and napping.

It makes a marvelous feeding chair when Baby starts solid foods but is still too small for a high chair.

It's perfect, when Baby's going places. He can be carried away right in his chair, which can be adjusted if he feels like napping while you're visiting.

Another novel newcomer is a really welcome gift for the mother who has a cry-baby—some infants do a great deal more vocalizing than others.

It's a break-resistant plastic case—free of sharp edges—that holds a small transistorized speaker, powered by a small battery.

Place the case in Baby's crib or carriage. Flick the switch and the transistor sends forth a low, soothing humming sound, the monotony of which lulls Baby off to sleep within 30 seconds to five minutes.

Does it really work? Suffice it to say, several hospital nurseries have stocked up on this slumber-inducing item.

Packaging makes another new baby present extra welcome.

It's a gift box containing a beautiful crib blanket, two receiving blankets and a paperback copy of a well-known book on baby care.

The gift box, a sturdy cardboard chest decorated with animal drawings, has a gay red-and-white striped cover. It's sized to serve as a toy box!

A playpen is a pleasing present, especially a new one with nylon net sides that has a fold-fast design.

No buttons, brackets or locks to cope with! All you do to collapse the pen is to grasp the center floor-hold, pick it up and the pen folds to a flat eight inches in one fast, easy action.

The next suggestion can't, strictly speaking, be called a baby gift. On the other hand, without a baby, Mother would have little use for it. With a baby, she'll bless you for it!

What is it? A gadget that permits Mom to speak over the telephone without using hands otherwise occupied holding, feeding, changing or bathing Baby, sterilizing bottles or tackling other aspects of infant care.

The gadget is a battery-powered telephone amplifier. When the telephone rings, the phone handset is placed in the amplifier's cradle, automatically turning on the unit, which picks up the incoming conversation and feeds it into a small extension speaker.

Mother's voice—and she need not be real close to the gadget—is fed by the device into the transmitter end of the phone.

It's a novelty that's handy to have when you're somebody's ever-busy mother.

There are just a few of the newcomers that make nifty gifts for mother and child.

Baby clothes are always welcome presents, too. But when you buy little things, buy big. Mom will appreciate a size Baby can grow into.

Other ideas? A cute lamp for Baby's room is a gay gift—and not one that everyone thinks of. Mobiles are fun, too, for Baby loves 'em.

To make sure your gift is a real success, why not discuss your choice with Mom before you purchase the present? It's one way to be sure she doesn't already have six of the same!

To prevent rusting, dry scouring pads near the pilot light of a gas range.

The juice left from maraschino cherries makes an addition to lemonade that small fry respect!

## Dear Abby: by Abigail Van Buren

### My Achin' Back!

DEAR ABBY: My wife invited her whole family out to the house for the Fourth of July when she knew I had been having a lot of trouble with a bad back. I didn't even know anyone was coming until three carloads of them pulled into our driveway. I was in bed at the time and in such agony I could hardly stand up straight. So my wife comes in and asks me if I would mind barbecuing hotdogs for 42 people! I pulled myself out of bed and barbecued, but it almost killed me. I was so mad I didn't speak to her for a week. She still can't see where she did anything wrong. Can you explain it to her, woman to woman?

MISHUG  
DEAR MISH: Your wife was very inconsiderate to have invited guests, knowing your condition. But if you left a sick bed and in agony barbecued hotdogs for 42 people, you must have been delirious. Chew her out and get it over with.

DEAR ABBY: My boy friend is a real nut on safety belts. Since he put them in his car I can't sit

close to him any more. The minute we get into his car he straps himself in, and tells me to do the same. Abby, this means I am strapped in near the door—just miles from him. I don't like it. Any suggestions?

TOO SAFE  
DEAR TOO: You can't be "too safe." Safety belts are for YOUR protection as well as his. Hang on to him—but not while he's driving.

DEAR ABBY: The chapter "For Husbands Only" in your book DEAR ABBY ON MARRIAGE should be printed on the front page of every newspaper in the country. I've never read anything so simple and true and beautiful in all my life. I cry every time I read it. I love you for writing it.

## Novel Notions Help Make Home Sewing Jobs a Cinch

By JOAN O'SULLIVAN

From time to time, every woman gets a yen to take up sewing.

Maybe the urge hits her when she admires a friend's dress and discovers it cost \$4—the price of material. Or could be the desire goes hand-in-hand with a decorative need—such as new draperies.

No matter how you look at it, sewing is a money-making hobby. And it's a satisfying one, too, as 60 million American women, ranging from teen-agers up, have discovered.

It's also the kind of creative pursuit that's fairly easy to master. Sewing centers teach the basics in quick courses and notions manufacturers lend a helping hand with aids that ease a variety of sewing jobs.

Among new ones are these: For quick pleats, a novel buckram band eliminates the need to measure or get involved with complicated pinning or basting.

The band, which has been pre-pleated every half inch, is sewed flat to the fabric. The ready-creased fold on the band helps hold the crease of the fabric pleat in place as it is stitched down.

Using the tape, you can work out combinations of box pleating, double pleating or interval pleating.

Another aid, a pliers, makes a real snap job of applying small eyelets to belts or large eyelets to shower curtains. It punches the holes as it sets in the eyelets.

Also available is a pliers that sets in either eyelets or dot snappers.

If you press as you sew—and that's what experts advise for a professional look—you'll be intrigued by small pressing equipment that's been adapted for home use.

## Vice Trial Defendants To Hear Penalty

COVINGTON, Ky. (AP)—The eight defendants in a \$387,555 gambling excise tax fraud case face sentencing Tuesday after having spent the weekend in jail.

A U.S. District Court jury deliberated 25 hours before finding all eight men guilty Saturday of conspiracy to defraud the government. Judge Mac Swinford deferred sentencing so defense attorneys could not post bond pending appeal.

The conspiracy conviction carries a maximum penalty of five years in prison and a \$10,000 fine.

This was the only offense of which the all-male jury convicted Frank (Screw) Andrews, described during the trial as kingpin of a multi-million dollar numbers racket in Northern Kentucky and greater Cincinnati. The jurors said they could not agree on Andrews' guilt on 32 other charges.

The other seven defendants were convicted on three of 32 different counts. They are Peter Andrews, Frank Andriola, Russell Malone, Walter Andrews, Gus Postell, Louis Tye and Willard Whitley.

The defendants were accused of evading the taxes during a period from early 1959 until Aug. 22, 1961, when federal agents raided the Sportsman's Club at Newport, seizing a large amount of money and numbers equipment.

### Fourth Lancastersite Dies of Crash Injuries

CHATHAM, Ont. (AP)—Emile Springer, 29, Lancaster, Ohio, became the fourth victim of a July 21 accident which killed his wife, his aunt, and uncle. Springer died Sunday in Chatham General Hospital.

Killed in the car-truck collision near here were Springer's wife, Mary Lou, 28; Rex Springer, 60, of Lancaster, and his wife, Martha Jane, 43.

### Cleveland Mass Polio Program Is Success

CLEVELAND (AP)—Cleveland's mass immunization program against polio using Sabin oral vaccine is over, and officials called it an unqualified success.

A total of 710,035 persons turned out Sunday for the sugar cubes bearing Type II vaccine. Counting last Sunday's total, 1,451,800 now have taken Type II. Types I and III already have been given.

The totals for the two previous rounds were 1,480,429 and 1,478,711.

# Romping Bums Increase Lead In NL Flag Race

Howard's Hitting, Drysdale's Pitching Helping Los Angeles

By THE ASSOCIATED PRESS

Are the Los Angeles Dodgers primed to make a shambles of an old National League tradition—the down-to-the-wire pennant chase?

Fired again by the hitting of massive Frank Howard and behind another superlative pitching performance of whip-armed right-hander Don Drysdale, the Dodgers completed a three-game sweep over the San Francisco Giants Sunday, crushing their closest pursuers 11-1.

The romp increased the Dodgers' lead to four games — a whopping margin in a National League race at this stage of the season and the biggest edge the Dodgers have had in a pennant derby since their runaway year of 1953.

Elsewhere, Frank Robinson's key hitting led Cincinnati to a sweeping over Milwaukee, 8-6 and 2-1, that carried the Reds into third place—but still 8½ games behind the Dodgers.

Philadelphia dealt Pittsburgh its eighth loss in nine games, 8-1, dropping the Pirates to fourth. St. Louis clipped New York twice, 6-5 and 5-1, and Chicago split with Houston, the Cubs winning the first game 4-2 and the Colts taking the second 3-1.

In the American League, New York's front-running Yankees divided with Chicago, winning 7-4 and then losing 6-2. Detroit and Los Angeles divided a double-header, the Tigers scoring a 7-5 decision in the opener and the Angels powering their way to a 12-8 victory in the second game.

Minnesota also split with Cleveland, winning 7-5 in 11 innings after a 3-2 loss. Kansas City downed Baltimore 7-3 and Boston beat Washington 4-2.

The Dodgers, who've won 14 of 18 since regaining the lead three weeks ago, got off winging in the romp that gave them an 8-3 season mark against the Giants.

They sent 11 men to the plate in the first inning, rapping out seven hits, scoring six runs and knocking out southpaw Billy O'Dell in the process. Howard delivered the first two runs with a single, then singled in another in the second, banged his 20th homer in the seventh, and had another RBI single in the eighth.

Drysdale, 19-4, struck out five and again exhibited masterful control by not issuing a walk, making it 37 consecutive innings without allowing a base on balls.

Robinson smacked a pair of two-run homers in Cincinnati's opening game victory.

Joey Jay, 15-9, pitched a five-hitter in the second game and blanked Milwaukee until the eighth, when Tommie Aaron singled in the tying run after an intentional walk to his older brother Hank. It became untied in the last of the ninth on Robinson's second double and Marty Keough's single—and the Reds had won for the 12th time in their last 13 starts.

Hank Aaron also hit two homers in the opener, boosting his season total to 29.

Cal McLish threw a five-hitter and Tony Gonzalez led the offense as the Phils mauled the floundering Pirates.

The Cardinals had their hands full against the last-place Mets before taking both games with late inning furries.

The Cubs won their fourth straight in their opener, but the Houston Colts pulled out the second game with two unearned runs in the eighth inning.

## OU Senior Captures Tri-State Golf Title

KINGWOOD, W. Va. (AP) — Ohio University senior Nick Karl of Sistersville won the Tri-state Amateur Golf Tournament here Sunday with a 72-hole total of 294. Karl's score was three strokes better than the 297 turned in by Wayne Burge of Cleveland.

# Third, Ashville Play for Third Round Title

Third National will play Ashville No. 2 in a Babe Ruth Minor league game tonight at 5:15 p. m. at the Ted Lewis softball diamond to determine the winner of the third round.

Ashville, Savings Bank and Third National finished with identical 3-1 third round marks. Because Savings won the first round with a 3-0 record and Ashville won the second with a 4-0 slate, Savings and Ashville held a drawing to determine who would play Third National for the third round championship.

If Third National wins tonight there will be a three way playoff for the Babe Ruth Minor championship. Should Ashville win there will be three game series between Ashville and Savings 7:15 Thursday, Saturday and Aug. 7 at the Ted Lewis softball diamond for the BR minor championship crown.

The standings by rounds:

| FIRST ROUND     |       | W | L |

# Bailey's Bat Boosts Jets

By THE ASSOCIATED PRESS

Rookie Bud Bailey was all the offense needed by the Columbus Jets as they closed up another half game on fourth place—the last playoff position—in the International League.

The rookie, a Pittsburgh Pirates' bonus baby, drove in eight runs as Columbus swept a double-header from the Syracuse Chiefs, 9-1 and 2-1, Sunday night.

The twin victory pulled the streaking Jets to within a half game of Buffalo, which beat Jacksonville 4-0 in the seven-inning opener of a scheduled doubleheader. The second game was postponed when the teams failed to complete 4½ innings before a midnight curfew.

Rochester continued its mastery over Richmond, beating the Vees 5-4 and 3-2, while Toronto took two from Atlanta, 4-1 and 7-4.

Bailey drove in six runs on a double and a homer in the first game for Columbus and settled an overtime nightcap with a two-run double. The second game was scheduled for seven innings, but it went to eight before Bailey won it with his double.

The Jets' Willie Stargell reached base seven consecutive times before he struck out his third time up in the second game. He had a homer, double, two singles and a walk in the first game, and walked twice in the second. Tom Parsons stopped Syracuse on five hits in the opener.

## 'Walking Man' Yost Named Detroit Coach

DETROIT (AP) — Eddie Yost struck out his first and last at bats in the major leagues—but in 18 season in between he walked 1,614 times.

The playing career of "the Walking Man" ended Sunday when he was released by the Los Angeles Angels. They quickly signed him as a coach.

"I knew I couldn't last forever, but I'm happy they're keeping me around," said the 35-year-old Yost, who played more games at third base than any other player in history, nearly 2,100.

Al Kaline began the 1962 seas on with a .309 career batting average, highest in the American League. Mickey Mantle was next with .303.

Karl's 72-hole total was 73-74 73-74 —294.

# Robby's Bat Is Big Help To Redlegs

CINCINNATI (AP) — What would the Cincinnati Reds do without Frank Robinson?

The great rightfielder's big bat and his skillful base-running were outstanding Sunday as the Reds defeated the Milwaukee Braves twice and moved into third place in the National League race.

The scores were 8-6 and 2-1.

Robinson drove in four runs in the first game with two homers, his 18th and 19th of the year. He had two doubles in the second and slid home with the winning run on Marty Keough's single in the ninth. He also scored the other run in that game.

The first game was a dazzle of home runs, with Milwaukee's Hank Aaron getting two and driving in four runs. Gus Bell also homered for the Braves.

Bob Purkey started for Cincinnati but was taken out after giving up six hits and five runs in six innings. Purkey was relieved by Johnny Klippstein (3-1), the winning pitcher. The loser was Lou Burdette (8-6).

It looked at the start of the second game like Joey Jay (15-9) would not be around long. Pitching for the first time since his shoulder tightened on him earlier this week, he walked two of the first three batters, Manager Fred Hutchinson went to the mound but Jay convinced him he was all right.

Cincinnati scored a run in the second on Robinson's double and Hank Foiles' single to left. Milwaukee tied the game in the eighth.

Robinson and Keough finished it with their ninth-inning heroics.

# I'm It Takes Feature at SD

I'm It, owned by Mrs. George W. Van Camp, 307 Oakwood Place, won the \$2,500 Invitational Handicap Pace at Scioto Downs Saturday in 2:00 4-5.

I'm It, reined by Jack Betts, paid \$4.40 to win.

The 4-year-old bay mare has finished in the money in nine of 13 starts this year, including Saturday's race.

She has won five races and finished second four times.

## Jamestown Educator Wins Southpaw Crown

DAYTON, Ohio (AP) — Fred Long, school superintendent in Jamestown, has won the Ohio Left Handed Golfers' Championship for the second time.

Long finished the 36 - hole tournament at Daytona's Greene Country Club Sunday with 78-73—151, four strokes ahead of Barry Bourne of Oberlin (74-81—155).

Jack Russell of Youngstown was third with 79-83—162.

Ray Stockmeyer of Dayton finished first in a special flight for seniors with 79-86—165.

National League umpire Henry (Shag) Crawford narrowly escaped death during World War II while serving in the Navy. He was on the destroyer Walke when it was hit by a Japanese plane during the Luzon invasion in January of 1944.

# TV Unit Loses Tourney Tilt

Locals Gain Split With Lima Saturday

Stonerock TV lost to arch rival, River Oil 5-0, in the finals of the winners' bracket of the District 8 softball tournament at Chillicothe yesterday.

The TV nine now has to win a game in the losers' bracket to stay alive in the tourney. The winner of the losers' bracket will meet River Oil in the finals of the tourney.

One more win will give the Chillicothe team the district championship. The loser bracket finalist will have to beat the Oilers two times to cop the tournament.

River Oil scored all of its runs in the fourth inning off TV hurler Paul Neff. Harry Strawser relieved Neff and shut out the winners for the remainder of the game.

THE TV team has lost four of five game to the Chillicothe unit this year. The local team's only verdict over the Oilers was in the Washington C. H. tournament.

In Ohio Fast Pitch League action Saturday, Stonerock's split a doubleheader with Lima, winning the first game, 1-0, and dropping the second tilt, 3-0.

Ron Madru was credited with both the win and the loss for the locals. He shut out Lima in the first game and started the second. He allowed all three of the Lim a runs in the second encounter. Paul Neff turned in a shut out relief effort for Stonerock's.

# Little League Playoff Starts On Wednesday

IOOF dropped the replay of a protested game to Blue Ribbon Saturday to fall from contention for the class A title league championship.

Jaycees, with a 10-3 record, will tangle with class B champion, Second National Bank, sporting a 9-4 record, for the Little League Minor championship crown.

The first game will be at 5:15 p. m. Wednesday on the Little League diamond at the Ted Lewis Park. They will play again Friday and if a third game is needed they will meet Monday.

# Kroll Wins Top Prize In Canadian

MONTREAL (AP) — It was six years between victories for veteran golfer Ted Kroll, and it took a 35-foot putt and a caddy with lots of friends to help end the long drought.

Kroll captured the \$30,000 Canadian Open with a blistering 32 on the back nine for a final round two-under-par 70 Sunday. That gave him a 72-hole total of 278, two strokes better than Charlie Sifford.

It was Kroll's first tournament victory since the Tam O'Shanter World championship at Chicago in 1953.

The 42-year-old Fort Lauderdale, Fla., veteran started the third round tied with Sifford, 39-year-old cigar-smoking Los Angeles pro who was five times U.S. Negro champion.

Kroll dropped three strokes to Sifford on the first nine.

Kroll battled back to even with Sifford, who was playing in the threesome in front, by the 14th hole.

"Then on the 15th I hit a drive and a four iron, and my caddy told me Charlie had bogied the hole. So I thought I could sneak one in."

Kroll knocked in a 35-foot putt for a birdie and the two-stroke lead he carried in.

"I don't know how my caddy knew what Charlie was doing—he must be psychic," Kroll said.

Actually, Kroll's caddy—Russell Wit, 17 — had friends shutting back and forth to keep tabs on Sifford and run the results back to him. He fed the information to Kroll when he felt it was timely.

Penn State athletic teams compiled a 33-17 victory last spring. The golf team won 11 of 12 matches.

# Romping Bums Increase Lead In NL Flag Race

Howard's Hitting, Drysdale's Pitching Helping Los Angeles

By THE ASSOCIATED PRESS  
Are the Los Angeles Dodgers primed to make a shambles of an old National League tradition—the down-to-the-wire pennant chase?

Fired again by the hitting of massive Frank Howard and behind another superlative pitching performance of whip-armed right-hander Don Drysdale, the Dodgers completed a three-game sweep over the San Francisco Giants Sunday, crushing their closest pursuers 11-1.

The romp increased the Dodgers' lead to four games — a whopping margin in a National League race at this stage of the season and the biggest edge the Dodgers have had in a pennant derby since their runaway year of 1953.

Elsewhere, Frank Robinson's key hitting led Cincinnati to a sweep over Milwaukee, 8-6 and 2-1, that carried the Reds into third place—but still 8½ games behind the Dodgers.

Philadelphia dealt Pittsburgh its eighth loss in nine games, 8-1, dropping the Pirates to fourth. St. Louis clipped New York twice, 6-5 and 5-1, and Chicago split with Houston, the Cubs winning the first game 4-2 and the Colts taking the second 3-1.

In the American League, New York's front-running Yankees divided with Chicago, winning 7-4 and then losing 6-2. Detroit and Los Angeles divided a doubleheader, the Tigers scoring a 7-5 decision in the opener and the Angels powering their way to a 12-8 victory in the second game.

Minnesota also split with Cleveland, winning 7-5 in 11 innings after a 3-2 loss. Kansas City downed Baltimore 7-3 and Boston beat Washington 4-2.

The Dodgers, who've won 14 of 18 since regaining the lead three weeks ago, got off winging in the romp that gave them an 8-3 season mark against the Giants.

They sent 11 men to the plate in the first inning, rapping out seven hits, scoring six runs and knocking out southpaw Billy O'Dell in the process. Howard delivered the first two runs with a single, then singled in another in the second, batted his 20th homer in the seventh, and had another RBI single in the eighth.

Drysdale, 19-4, struck out five and again exhibited masterful control by not issuing a walk, making it 37 consecutive innings without allowing a base on balls. Robinson smacked a pair of two-run homers in Cincinnati's opening game victory.

Joey Jay, 15-9, pitched a five-hitter in the second game and blanked Milwaukee until the eighth, when Tommie Aaron singled in the tying run after an intentional walk to his older brother Hank. It became untied in the last of the ninth on Robinson's second double and Marty Keough's single—and the Reds had won for the 12th time in their last 13 starts.

Hank Aaron also hit two homers in the opener, boosting his season total to 29.

Cal McLish threw a five-hitter and Tony Gonzalez led the offensive as the Phils mauled the floundering Pirates.

The Cardinals had their hands full against the last-place Mets before taking both games with late inning furries.

The Cubs won their fourth straight in their opener, but the Houston Colts pulled out the second game with two unearned runs in the eighth inning.

## OU Senior Captures Tri-State Golf Title

KINGWOOD, W. Va. (AP) — Ohio University senior Nick Karl of Sistersville won the Tri-state Amateur Golf Tournament here Sunday with a 72-hole total of 294. Karl's score was three strokes better than the 297 turned in by Wayne Burge of Cleveland.

# Third, Ashville Play for Third Round Title

Third National will play Ashville No. 2 in a Babe Ruth Minor league game tonight at 5:15 p. m. at the Ted Lewis softball diamond to determine the winner of the third round.

Ashville, Savings Bank and Third National finished with identical 3-1 third round marks. Because Savings won the first round with a 3-0 record and Ashville won the second with a 4-0 slate, Savings and Ashville held a drawing to determine who would play Third National for the third round championship.

If Third National wins tonight there will be a three way playoff for the Babe Ruth Minor championship. Should Ashville win there will be three game series between Ashville and Savings 7:15 Thursday, Saturday and Aug. 7 at the Ted Lewis softball diamond for the BR minor championship crown.

The standings by rounds:

# Bailey's Bat Boosts Jets

By THE ASSOCIATED PRESS  
Rookie Bud Bailey was all the offense needed by the Columbus Jets as they closed up another half game on fourth place—the last playoff position—in the International League.

The rookie, a Pittsburgh Pirates' bonus baby, drove in eight runs as Columbus swept a doubleheader from the Syracuse Chiefs, 9-1 and 2-1, Sunday night.

The twin victory pulled the streaking Jets to within a half game of Buffalo, which beat Jacksonville 4-0 in the seven-inning opener of a scheduled doubleheader. The second game was postponed when the teams failed to complete 4½ innings before a midnight curfew.

Rochester continued its mastery over Richmond, beating the Vees 5-4 and 3-2, while Toronto took two from Atlanta, 4-1 and 7-4.

Bailey drove in six runs on a double and a homer in the first game for Columbus and settled an overtime nightcap with a two-run double. The second game was scheduled for seven innings, but it went to eight before Bailey won it with his double.

The Jets' Willie Stargell reached base seven consecutive times before he struck out his third time up in the second game. He had a homer, double, two singles and a walk in the first game, and walked twice in the second. Tom Parsons stopped Syracuse on five hits in the opener.

## 'Walking Man' Yost Named Detroit Coach

DETROIT (AP) — Eddie Yost struck out his first and last at bats in the major leagues—but in 18 season in between he walked 1,614 times.

The playing career of "the Walking Man" ended Sunday when he was released by the Los Angeles Angels. They quickly signed him as a coach.

"I knew I couldn't last forever, but I'm happy they're keeping me around," said the 35-year-old Yost, who played more games at third base than any other player in history, nearly 2,100.

Al Kaline began the 1961 seas on with a .309 career batting average, highest in the American League. Mickey Mantle was next with .308.

# Robby's Bat Is Big Help To Redlegs

CINCINNATI (AP) — What would the Cincinnati Reds do without Frank Robinson?

The great rightfielder's big bat and his skillful base-running were outstanding Sunday as the Reds defeated the Milwaukee Braves twice and moved into third place in the National League race.

The scores were 8-6 and 2-1.

Robinson drove in four runs in the first game with two homers, his 18th and 19th of the year. He had two doubles in the second and slid home with the winning run on Marty Keough's single in the ninth. He also scored the other run in that game.

The first game was a dazzle of home runs, with Milwaukee's Hank Aaron getting two and driving in four runs. Gus Bell also homered for the Braves.

Bob Purkey started for Cincinnati but was taken out after giving up six hits and five runs in six innings. Purkey was relieved by Johnny Kilpstein (3-1), the winning pitcher. The loser was Lou Burdette (8-6).

It looked at the start of the second game like Joey Jay (15-9) would not be around long. Pitching for the first time since his shoulder tightened on him earlier this week, he walked two of the first three batters, Manager Fred Hutchinson went to the mound but Jay convinced him he was all right.

Cincinnati scored a run in the second on Robinson's double and Hank Foiles' single to left. Milwaukee tied the game in the eighth.

Robinson and Keough finished it with their ninth-inning heroics.

# I'm It Takes Feature at SD

I'm It, owned by Mrs. George W. Van Camp, 307 Oakwood Place, won the \$2,500 Invitational Handi cap Pace at Scioto Downs Satur- day in 2:00 4-5.

I'm It, reined by Jack Betts, paid \$4.40 to win. The 4-year-old bay mare has finished in the money in nine of 13 starts this year, including Sat- urday's race.

She has won five races and fin- ished second four times.

## Jamestown Educator Wins Southpaw Crown

DAYTON, Ohio (AP) — Fred Long, school superintendent in Jamestown, has won the Ohio Left Handed Golfers' Cham- pionship for the second time. Long finished the 36 - hole tournament at Daytona's Greene Country Club Sunday with 78-73—151, four strokes ahead of Barry Bourne of Oberlin (74-81—155). Jack Russell of Youngstown was third with 79-83—162. Ray Stockmeyer of Dayton fin- ished first in a special flight for seniors with 79-86—165.

National League umpire Henry (Shag) Crawford narrowly escaped death during World War II while serving in the Navy. He was on the destroyer Walke when it was hit by a Japanese plane during the Luzon invasion in January of 1944.

# TV Unit Loses Tourney Tilt

Locals Gain Split With Lima Saturday

Stonerock TV lost to arch rival, River Oil 5-0, in the finals of the winners' bracket of the District 8 softball tournament at Chillicothe yesterday.

The TV nine now has to win a game in the losers' bracket to stay alive in the tourney. The winner of the losers' bracket will meet River Oil in the finals of the tourney.

One more win will give the Chillicothe team the district cham- pionship. The loser bracket finalist will have to beat the Oilers two times to cop the tournament.

River Oil scored all of its runs in the fourth inning off TV hurler Paul Neff. Harry Strawser relieved Neff and shut out the winners for the remainder of the game.

THE TV team has lost four of five game to the Chillicothe unit this year. The local team's only verdict over the Oilers was in the Washington C. H. tournament.

In Ohio Fast Pitch League ac- tion Saturday, Stonerock's split a doubleheader with Lima, winning the first game, 1-0, and dropping the second tilt, 3-0.

Ron Madru was credited with both the win and the loss for the locals. He shut out Lima in the first game and started the second. He allowed all three of the L i m a runs in the second encounter. Paul Neff turned in a shut out relief ef- fort for Stonerock's.

# Little League Playoff Starts On Wednesday

IOOF dropped the replay of a protested game to Blue Ribbon Saturday to fall from contention for the class A title league cham- pionship.

Jaycees, with a 10-3 record, will tangle with class B champion, Sec- ond National Bank, sporting a 9-4 record, for the Little League Min- or championship crown.

The first game will be at 5:15 p. m. Wednesday on the Lit- tle League diamond at the Ted Lewis Park. They will play again Friday and if a third game is needed they will meet Monday.

Donovan Wins 14th; Tribe Splits Pair

CLEVELAND (AP) — Dick Donovan continues his assault on the 20-victory mark which no Cleveland Indians pitcher has reached since Herb Score, Bob Lemon and Early Wynn each won 20 in 1956.

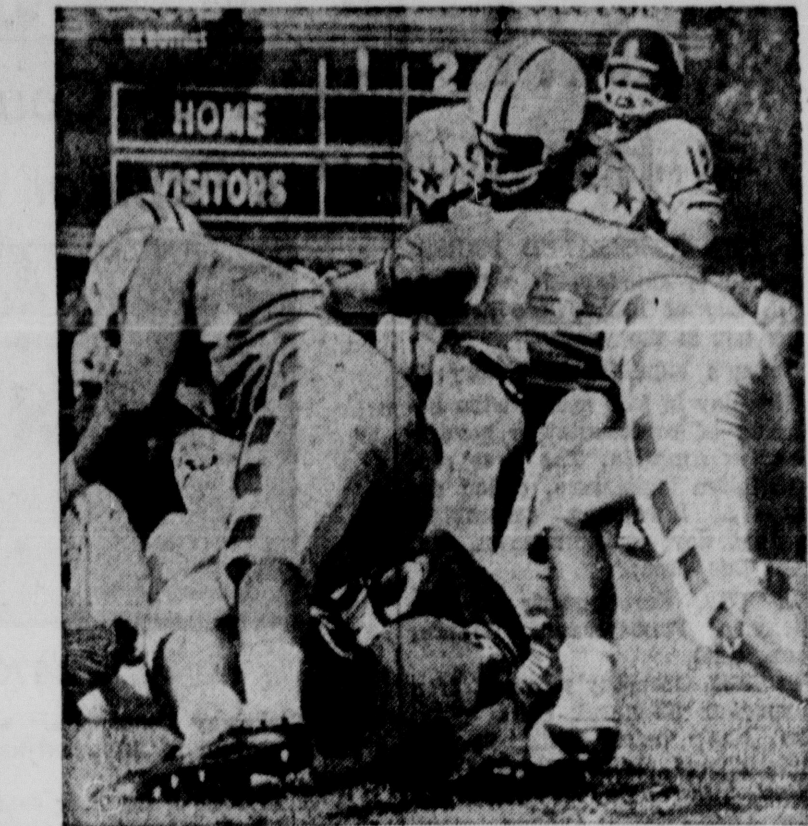

Donovan posted his 14th triumph with a six-hitter against Minnesota in the opener of a doubleheader Sunday and knocked in a run with a single. The Indians won the first game 3-2 but dropped the nightcap 7-5 in 11 innings.

The Tribe fought back from a 5-2 deficit in the second game to tie the score at 5-5. But a wild throw to first on a bunt fielded by pitcher Bill Dailey allowed the winning run to tally.

Donovan pitched to the minimum 18 batters through the first six innings, and only three fly balls were hit to the outfield the entire game. His single in the seventh innings scored Tito Francona, who had doubled, and broke up a scoreless tie.

The Tribe scored two more runs in the eighth against Georges Maranda.

Ex - Indian Vic Power, who homered in both games, hit his first in the ninth inning with a man on to spoil Donovan's shut-out.

COLLEGE ALL-STARS FLUNK TEST—Charley Bivins of the Chicago Bears is tackled by three defenders of the College All-Stars in game at Rensselaer, Ind., in which the Bears defeated the All-Stars, 24-7. The collegians will play the champion Green Bay Packers in the All-Star Game in Chicago, Aug. 2.

All-Star Football Practice Starts

CANTON, Ohio (AP) — Ohio's most talented scholastic grid stars—all headed for college in the fall—opened practice today for the 17th North - South game scheduled Friday, Aug. 10.

Physical exams for the two 25-player squads, fitting of uniforms and "skull sessions" were booked this morning, with workouts starting in the afternoon.

The Yankees hold an 8-6 victory edge, with two ties, in the long series sponsored by the Ohio High School Football Coaches Association. Hundreds of coaches from all parts of the country will attend a five-day clinic during the week of the contests.

Some of the country's most respected coaches will conduct classes at the clinic. Among them are line coach Frank Kapral of the Coast Guard Academy, line coach Loyal Clark of Ohio State, head coach Murray Warmath of Minnesota's Rose Bowl champions, head coach Ben Schwartzwalder of Syracuse, line coach Gomer Jones of Oklahoma, head coach Allie Sherman of the New York Giants, and head trainer Warren Aerial of Indiana.

Jim Robinson, director of the all-star activities, said 11 states were represented among early clinic reservations made by coaches.

Bob Wion of Martins Ferry will coach the Rebel team, hoping to make it two straight over the upstarters, while Bill Van Bocklin of Poland will boss the Yankees. Southern assistants are Jim Conrad of Chesapeake, Ray Pelfrey of Troy and Larry Peterson of Lancaster. Northern aides are Earl Bruce of Sandusky, Paul Cary of Cuyahoga Falls, and Al Carriso of Columbus Grove.

All - Ohio talent galore dots the two squads. The south suffered one casualty over the week end when Ron Bradbury, Hamilton Garfield's 202-pound fullback, withdrew from the fold.

The Aug. 10-11 weekend will be a big one for football. Following the Friday night all-star contest in Fawcett Stadium, the first annual professional Hall of Fame game between the New York Giants and the St. Louis Cardinals pops up in the same stadium Saturday night. Coaches registering for the clinic by Aug. 1 get a free ticket to the professional contest.

The entire football squads of at least 14 high schools will attend the North - South game as guests of booster clubs or industrial firms, and a near-capacity attendance is expected. Temporary bleachers will boost the stadium to around 20,000 seats for each of the weekend games.

Leon Conover of Deer Park (Cincinnati), who stands 6-3 and weighs 250, is the "giant" of the Rebel forces. Biggest of the Yankees is Jim Fraraccio of Alliance, 6-1 and 247.

Morning and afternoon practices, plus evening chalk talks, are on tap for the all-stars the remainder of this week and through Wednesday of next. But some aplytime will be interspersed in the heavy schedule with movies at Canton's three larger theaters, a night at Meyers Lake Park, and a dance sponsored by the teenagers of the YMCA and YWCA.

Donovan Wins 14th; Tribe Splits Pair

CLEVELAND (AP) — Dick Donovan continues his assault on the 20-victory mark which no Cleveland Indians pitcher has reached since Herb Score, Bob Lemon and Early Wynn each won 20 in 1956.

Donovan posted his 14th triumph with a six-inning against Minnesota in the opener of a doubleheader Sunday and knocked in a run with a single. The Indians won the first game 3-2 but dropped the nightcap 7-5 in 11 innings.

The Tribe fought back from a 5-2 deficit in the second game to tie the score at 5-5. But a wild throw by pitcher Bill Dailey allowed the winning run to tally.

Donovan pitched to the minimum 18 batters through the first six innings, and only three fly balls were hit to the outfield the entire game. His single in the seventh innings scored Tito Francona, who had doubled, and broke up a scoreless tie.

The Tribe scored two more runs in the eighth against Georges Maranda.

Ex-Indian Vic Power, who homered in both games, hit his first in the ninth inning with a man on to spoil Donovan's shut-out.

COLLEGE ALL-STARS FLUNK TEST—Charley Bivins of the Chicago Bears is tackled by three defenders of the College All-Stars in game at Rensselaer, Ind., in which the Bears defeated the All-Stars, 24-7. The collegians will play the champion Green Bay Packers in the All-Star Game in Chicago, Aug. 2.

All-Star Football Practice Starts

CANTON, Ohio (AP) — Ohio's most talented scholastic grid stars—all headed for college in the fall—opened practice today for the 17th North-South game scheduled Friday, Aug. 10.

Physical exams for the two 25-player squads, fitting of uniforms and "skull sessions" were booked this morning, with workouts starting in the afternoon.

The Yankees hold an 8-6 victory edge, with two ties, in the long series sponsored by the Ohio High School Football Coaches Association. Hundreds of coaches from all parts of the country will attend a five-day clinic during the week of the contest.

Some of the country's most respected coaches will conduct classes at the clinic. Among them are line coach Frank Kapral of the Coast Guard Academy, line coach Lyle Clark of Ohio State, head coach Murray Warmath of Minnesota's Rose Bowl champions, head coach Ben Schwartzwalder of Syracuse, line coach Gomer Jones of Oklahoma, head coach Allie Sherman of the New York Giants, and head trainer Warren Aerial of Indiana.

Jim Robinson, director of the all-star activities, said 11 states were represented among early clinic reservations made by coaches.

Bob Wion of Martins Ferry will coach the Rebel team, hoping to make it two straight over the upstarters, while Bill Van Borklin of Poland will boss the Yankees. Southern assistants are Jim

Conrad of Chesapeake, Ray Pelfrey of Troy and Larry Peterson of Lancaster. Northern aides are Earl Bruce of Sandusky, Paul Cary of Cuyahoga Falls, and Al Carrino of Columbus Grove.

All-Ohio talent galore dots the two squads. The south suffered one casualty over the week end when Ron Bradbury, Hamilton Garfield's 202-pound fullback, withdrew from the fold.

The Aug. 10-11 weekend will be a big one for football. Following the Friday night all-star contest in Fawcett Stadium, the first annual professional Hall of Fame game between the New York Giants and the St. Louis Cardinals pops up in the same stadium Saturday night. Coaches registering for the clinic by Aug. 1 get a free ticket to the professional contest.

The entire football squads of at least 14 high schools will attend the North-South game as guests of booster clubs or industrial firms, and a near-capacity attendance is expected. Temporary bleachers will boost the stadium to around 20,000 seats for each of the weekend games.

Leon Conover of Deer Park (Cincinnati), who stands 6-3 and weighs 250, is the "giant" of the Rebel forces. Biggest of the Yankees is Jim Fraraccio of Alliance, 6-1 and 247.

Morning and afternoon practices, even evening chalk talks, are on tap for the all-stars the remainder of this week and through Wednesday of next. But some aplytime will be interspersed in the heavy schedule with movies at Canton's three larger theaters, a night at Meyers Lake Park, and a dance sponsored by the teenagers of the YMCA and YWCA.

Willie Shoemaker's first Belmont Stakes winner was Gallant Man, 1957 winner. His second ride in the race brought him victory with Sword Dancer in 1959. He was fourth with Tompon in 1960 and this year he scored with Jaipur for his third Belmont win in four trips to the post.

## 37th Division Opens Annual Training Camp

CAMP GRAYLING, Mich. (AP) — Training moved into high gear today as Ohio's 37th Infantry Division opened its two-week annual summer training at this huge camp.

Many of the units of the National Guard division went immediately into the field and will spend the entire period roughing it in the forests here.

The nearly 8,000-man division made the trip here over the weekend in 1,650 military vehicles, averaging 403 miles per vehicle. Only two minor accidents were reported, both involving civilian automobiles. In both no one was injured.

The Ohioans helped Michigan authorities in one fatal accident. The headquarters of the 2nd Battalion, 135th Artillery from Toledo came upon an accident near Standish, Mich., moments after it occurred. One person died, but the battalion surgeon and medical personnel in the unit administered first aid to the injured and rushed them to nearby hospitals.

Infantry units began squad tests with live ammunition today, armored units began range firing and the artillery began firing thousands of rounds into the Michigan soil.

She made eight American films, but had to return to her native Italy to reach full stature as an actress. That she did with "Two Women."

The handsomely constructed Sophia paused during her whirlwind visit to kick off her shoes, plop on the sofa of her Beverly Hills Hotel suite and reflect on the Hollywood chapter of her life.

"It was difficult for me here," she admitted, "but that is not unusual. An Italian actress is limited in American films. The reverse is also true. What would Marilyn Monroe do if she went to work in Italy?"

She commented: "When you come to a new country, you have your own particular style and customs. It is difficult for a director to know them. The language is also a problem. When I first came here, I was so fascinated with how English sounded that I wasn't aware of what I was saying when I did my lines."

Now, she added, she can think in English when she speaks it. She even throws in English words when speaking Italian.

Only one of Sophia's American films — "Houseboat" with Cary Grant — was a big success. But working here was good for her, she said.

"And being in American films was important for me as far as world acceptance is concerned. Italian films are much more popular than they were, but they are still limited in their markets."

She added that she would be delighted to work here again. Meanwhile, she has problems at home, but she seemed unworried.

She freely discussed the bigamy charge brought against her and husband, Carlo Ponti, whose divorce from his first wife is not recognized in Italy.

"I have had a great outpouring of warmth from the people since this happened," she said. "I think they recognize this is not the case of a new actress trying to get ahead by marrying her producer."

She added:

"The suit might have been different if it had been brought by Carlo's former wife. It wasn't. It was started by a woman we don't even know. Only eight people — important people in the courts and the government — are against us. Everyone else, including the press, is for us."

What will happen if she and her husband are convicted?

"Then we will be considered bigamists, that's all," she shrugged.

But doesn't the charge carry a penalty?

"Yes, I think it is one to five years in jail. But it is never imposed. At least I hope it won't be."

Sophia said she would continue to work in Italy no matter what happens. Her legal residence is in Switzerland, where the air and the taxes are pleasant.

## Civil Service Positions Open

The U. S. Board of Civil Service Examiners today announced that applications are being accepted for several positions in the Central Ohio area.

Applications will be accepted until further notice for telephone installer and repairer positions, paying \$2.65 an hour. No written test will be given and applicants will be rated on the basis of their experience.

Telephone operator positions are open and applications will be accepted until Oct. 31. The job pays \$3,760 to \$4,390 a year. Applicants will be required to qualify in a written test.

Applications are also being accepted for Farm Management Supervisor, with starting salaries of \$4,345 and \$5,355 a year. The positions are in the Farmers Home Administration and Department of Agriculture.

Application forms and information may be obtained from any post office or by writing: Executive Secretary, Board of U. S. Civil Service Examiners, Columbus General Depot.

## CFD Aids Removal Of Rust, Water

A unit of the Circleville Fire Department was called to Wood Lane 11:30 a. m. Saturday to help remove rust and water in the street, brought on by flushing of fire hydrants in the area.

Hydrants are being flushed here in an effort by the Water Department to curtail prevalent "red water" in the city.

Chief Talmer Wise said the rust was removed by reopening the fire hydrant. This supply of water, plus some concentrated sweeping by Wise and area residents, corrected the situation.

At 10 p. m., firemen were called to a home at Scioto and Harrison Sts. for an apparent emergency. However, crewmen said the complaint turned out to be a domestic quarrel.

## TODAY In History

By THE ASSOCIATED PRESS  
Today is Monday, July 30, the 211th day of 1962. There are 154 days left in the year.

Today's highlight in history:

This day in 1619 marked the beginning of representative government in America. The first representative legislature, called the House of Burgesses, assembled on that day at Jamestown, Va.

On this date:

In 1718, the founder of the colony of Pennsylvania, William Penn, died.

In 1898, Germany's famed Iron Chancellor Bismarck died.

In 1907, buses with French engines and British bodies replaced horse-drawn vehicles on New York's Fifth Avenue.

In 1909, the first airplane was acquired by the War Department. It was built by the Wright brothers to meet military specifications.

In 1942, President Roosevelt signed a bill authorizing creation of a women's reserve in the Navy.

Today's birthdays:  
Baseball veteran and manager of the New York Mets, Casey Stengel, is 72.

Thought for today:

Patience is the best of all medicines.

## Criminal Cases Heard by Judge

Disposition of four criminal cases was made recently by Common Pleas Judge William Ammer. They are:

Elmer Jackson, Route 3, who had his operator's license suspended for one year for being a habitual traffic offender. His driving right was suspended under the traffic point system.

Neil Kendall, near Circleville, was placed on probation for three years on charges of issuing a check with no account. He pleaded guilty to the charges.

Harold D. Ash, 504 E. Main St., also received a sentence of three years probation for issuing a check with insufficient funds.

Matthew L. Wham, formerly of Circleville, was given a sentence of 1-5 years in the Ohio State Penitentiary on charges of removing mortgaged property out of the state. Wham pleaded guilty to the charges and was returned here from Los Vegas, Nev., by Sheriff Walton W. Spangler several weeks ago.

## Pickaway County Fair Event Was Popular in 1870, Too

### 1870 Vintage

The Pickaway County Fair was a popular event in 1870, just as it is today.

Recollections of the fair some 92 years ago came to the front several days ago when Mrs. Henry Mader, 141 Pinckney St., found a Pickaway County Fair ticket — 1870 vintage.

The ticket dropped out of a Bible which Mrs. Mader was scanning. The Bible belonged to her grandfather, Samuel G. Hunsicker, who lived in the Williamsport area.

The ticket, to be used by an entire family, bore the purchase price of \$1.25. Historians indicate the ticket pertains to the old Fair-

grounds which were located on N. Court St. in an area to the rear of Kenny Hannan's present-day auto agency.

THE OLD ticket, still readable and in almost perfect condition, disclosed that V. F. Decker of the Ashville area served as president of the fair in 1870. The secretary was A. R. Van Cleef, a probate judge in Pickaway County for many years, according to historical sources.

Mrs. Mader, rightly proud of her find, has placed the ticket in a neat little frame for preservation.

## Our Girls and Boys IN SERVICE

Staff Sgt. David R. Hall, 26, whose wife, Norma, lives on Route 2, New Holland, is scheduled to be released from active duty August 10 after serving as an instructor in Company M of the 100th Division's 398th Regiment at Fort Chaffee, Ark.

Sgt. Hall was recalled to active duty during the call-up of 155,000 Reserve and National Guard personnel due to the Berlin situation and was assigned to the 100th Division.

His parents are Mr. and Mrs. Jesse C. Hall, Route 1, Bloomingburg.

Willard E. Congrove, son of Mr. and Mrs. Charles Pence, Lowery Lane, is currently undergoing recruit training with the US Navy at the Recruit Training Center, Great Lakes, Ill.

PVT. David M. Huffer, son of Mr. and Mrs. Merle M. Huffer, 113 Dunmore Road, currently is receiving advanced training in Company C of the 2nd Training Brigade's 7th Battalion at Fort Knox, Ky. He is scheduled to be graduated in September.

The 20-year-old soldier entered the Army last April and completed basic training at Fort Knox, Ky.

Huffer was graduated from Circleville High School in 1960 and attended Ohio University.

George O. Clifton, USN, son of Mr. and Mrs. George R. Clifton, Route 4, and James A. Taylor, USN, son of Mr. and Mrs. Arnold Taylor, 116 Pontious Lane, were recently graduated from the Aviation Familiarization School at the Naval Air Technical Training Center, Memphis, Tenn.

James R. Mossbarger, USN, son of Mr. and Mrs. James R. Mossbarger, Route 2, New Holland, is serving aboard the destroyer USS

Mansfield, operating as a unit of the Seventh Fleet in the Western Pacific area.

James F. Hinton, USN, is serving aboard the USS John R. Perry off the coast of Key West, Fla.

THE SHIP is on a cruise to the Bermuda Islands and will return to Key West on August 5.

Hinton, husband of the former Sondra Binkley, is the son of Mr. and Mrs. Emmet Hinton, Route 4.

A-2C Thomas M. Greeno, son of Mr. and Mrs. Merle Greeno, 351 E. Ohio St., was named "Airman of the Month" for July at McClellan Air Force Base.

He is special maintenance technician in the 1155th Technical Operations Squadron.

The 20-year-old airman is a graduate of Circleville High School and attended Capital University, Columbus.

Relative humidity usually is lower in the winter because cold air does not hold water as well as warm air.

"Then we will be considered bigamists, that's all," she shrugged.

But doesn't the charge carry a penalty?

"Yes, I think it is one to five years in jail. But it is never imposed. At least I hope it won't be."

Sophia said she would continue to work in Italy no matter what happens. Her legal residence is in Switzerland, where the air and the taxes are pleasant.

## Civil Service Positions Open

The U. S. Board of Civil Service Examiners today announced that applications are being accepted for several positions in the Central Ohio area.

Applications will be accepted until further notice for telephone installer and repairer positions, paying \$2.65 an hour. No written test will be given and applicants will be rated on the basis of their experience.

Telephone operator positions are open and applications will be accepted until Oct. 31. The job pays \$3,760 to \$4,390 a year. Applicants will be required to qualify in a written test.

Applications are also being accepted for Farm Management Supervisor, with starting salaries of \$4,345 and \$5,355 a year. The positions are in the Farmers Home Administration and Department of Agriculture.

Application forms and information may be obtained from any post office or by writing: Executive Secretary, Board of U. S. Civil Service Examiners, Columbus General Depot.

## CFD Aids Removal Of Rust, Water

A unit of the Circleville Fire Department was called to Wood Lane 11:30 a. m. Saturday to help remove rust and water in the street, brought on by flushing of fire hydrants in the area.

Hydrants are being flushed here in an effort by the Water Department to curtail prevalent "red water" in the city.

Chief Talmer Wise said the rust was removed by reopening the fire hydrant. This supply of water, plus some concentrated sweeping by Wise and area residents, corrected the situation.

At 10 p. m., firemen were called to a home at Scioto and Harrison Sts. for an apparent emergency. However, crewmen said the complaint turned out to be a domestic quarrel.

## James To Head Miami Undergraduate Center

OXFORD, Ohio (AP) — The appointment of Dr. F. Donald James as director of Miami University's new Undergraduate center of International Studies was announced today. The center was set up earlier this summer to enable students who plan careers abroad to get a degree of bachelor of arts in international studies. Dr. James will also continue as assistant dean of Miami's College of Arts and Sciences.

## TODAY In History

By THE ASSOCIATED PRESS

Today is Monday, July 30, the 211th day of 1962. There are 154 days left in the year.

Today's highlight in history: This day in 1619 marked the beginning of representative government in America. The first representative legislature, called the House of Burgesses, assembled on that day at Jamestown, Va.

On this date: In 1718, the founder of the colony of Pennsylvania, William Penn, died.

In 1888, Germany's famed Iron Chancellor Bismarck died.

In 1907, buses with French engines and British bodies replaced horse-drawn vehicles on New York's Fifth Avenue.

In 1909, the first airplane was acquired by the War Department. It was built by the Wright brothers to meet military specifications.

In 1942, President Roosevelt signed a bill authorizing creation of a women's reserve in the Navy.

Today's birthdays: Baseball veteran and manager of the New York Mets, Casey Stengel, is 72.

Thought for today: Patience is the best of all medicines.

## Criminal Cases Heard by Judge

Disposition of four criminal cases was made recently by Common Pleas Judge William M. Ammer. They are:

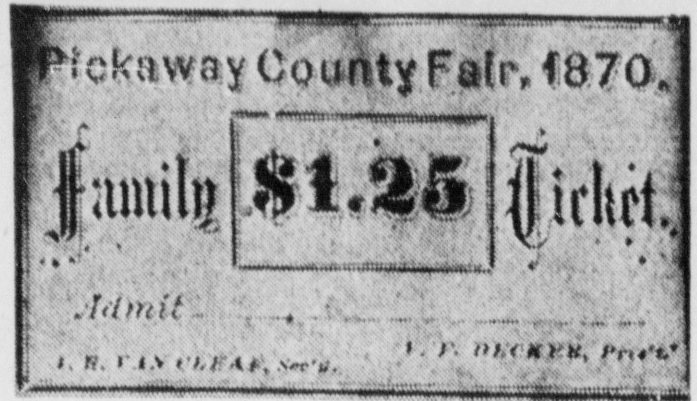

Elmer Jackson, Route 3, who had his operator's license suspended for one year for being a habitual traffic offender. His driving right was suspended under the traffic point system.

Neil Kendall, near Circleville, was placed on probation for three years on charges of issuing a check with no account. He pleaded guilty to the charges.

Harold D. Ash, 504 E. Main St., also received a sentence of three years probation for issuing a check with insufficient funds.

Matthew L. Wham, formerly of Circleville, was given a sentence of 1-5 years in the Ohio State Penitentiary on charges of removing mortgaged property out of the state. Wham pleaded guilty to the charges and was returned here from Los Vegas, Nev., by Sheriff Walton W. Spangler several weeks ago.

## Pickaway County Fair Event Was Popular in 1870, Too

### 1870 Vintage

The Pickaway County Fair was a popular event in 1870, just as it is today.

Recollections of the fair some 92 years ago came to the front several days ago when Mrs. Henry Mader, 141 Pinckney St., found a Pickaway County Fair ticket — 1870 vintage.

The ticket dropped out of a Bible which Mrs. Mader was scanning. The Bible belonged to her grandfather, Samuel G. Hunsicker, who lived in the Williamsport area.

The ticket, to be used by an entire family, bore the purchase price of \$1.25. Historians indicate the ticket pertains to the old fair-

grounds which were located on N. Court St. in an area to the rear of Kenny Hannan's present-day auto agency.

THE OLD ticket, still readable and in almost perfect condition, disclosed that V. F. Decker of the Ashville area served as president of the fair in 1870. The secretary was A. R. Van Cleave, a probate judge in Pickaway County for many years, according to historical sources.

Mrs. Mader, rightly proud of her find, has placed the ticket in a neat little frame for preservation.

Staff Sgt. David R. Hall, 26, whose wife, Norma, lives on Route 2, New Holland, is scheduled to be released from active duty August 10 after serving as an instructor in Company M of the 100th Division's 398th Regiment at Fort Chaffee, Ark.

Sgt. Hall was recalled to active duty during the call-up of 155,000 Reserve and National Guard personnel due to the Berlin situation and was assigned to the 100th Division.

His parents are Mr. and Mrs. Jesse C. Hall, Route 1, Bloomingburg.

Willard E. Congrove, son of Mr. and Mrs. Charles Pence, Lowery Lane, is currently undergoing recruit training with the US Navy at the Recruit Training Center, Great Lakes, Ill.

Pvt. David M. Huffer, son of Mr. and Mrs. Merle M. Huffer, 113 Dunmore Road, currently is receiving advanced training in Company C of the 2nd Training Brigade's 7th Battalion at Fort Knox, Ky. He is scheduled to be graduated in September.

The 20-year-old soldier entered the Army last April and completed basic training at Fort Knox, Ky.

Huffer was graduated from Circleville High School in 1960 and attended Ohio University.

George O. Clifton, USN, son of Mr. and Mrs. George R. Clifton, Route 4, and James A. Taylor, USN, son of Mr. and Mrs. Arnold Taylor, 116 Pontious Lane, were recently graduated from the Aviation Familiarization School at the Naval Air Technical Training Center, Memphis, Tenn.

James R. Mossbarger, USN, son of Mr. and Mrs. James R. Mossbarger, Route 2, New Holland, is serving aboard the destroyer USS

Mansfield, operating as a unit of the Seventh Fleet in the Western Pacific area.

James F. Hinton, USN, is serving aboard the USS John R. Perry off the coast of Key West, Fla.

THE SHIP is on a cruise to the Bermuda Islands and will return to Key West on August 5.

Hinton, husband of the former Sondra Binkley, is the son of Mr. and Mrs. Emmet Hinton, Route 4.

A-2C Thomas M. Greeno, son of Mr. and Mrs. Merle Greeno, 351 E. Ohio St., was named "Airman of the Month" for July at McClellan Air Force Base.

He is special maintenance technician in the 1155th Technical Operations Squadron.

The 20-year-old airman is a graduate of Circleville High School and attended Capital University, Columbus.

Relative humidity usually is lower in the winter because cold air does not hold water as well as warm air.
